

MINUTES OF THE REGULAR MEETING OF THE  
PUBLIC AFFAIRS COMMITTEE OF THE  
BOARD OF DIRECTORS OF THE  
VISTA IRRIGATION DISTRICT

November 24, 2015

A meeting of the Public Affairs Committee of Vista Irrigation District was held on Tuesday, November 24, 2015, at the offices of the District, 1391 Engineer Street, Vista, California.

**1. CALL TO ORDER**

Chair Reznicek called the meeting to order at 9:12 a.m.

**2. ROLL CALL**

Committee members present: Reznicek and Miller.

Staff present: Brett Hodgkiss, Administrative Services Manager.

**3. APPROVAL OF AGENDA**

The agenda was approved as presented.

**4. PUBLIC COMMENT TIME**

No public comments were presented on items not appearing on the agenda.

**5. VID SCHOLARSHIP CONTEST**

See staff report attached hereto.

The Committee and staff discussed the scholarship application materials, including a new essay topic/question. The Committee liked the idea of the applicants answering a questions regarding where the District's water should come from in the future. However, they also felt it was important that the students know where the District's water comes from now. The Committee suggested having the applicants identify the District's current water supplies as a precursor to addressing the topic of potential future water sources.

The Committee reviewed and approved the application materials, including the revised essay topic/question.

**6. 2015 ANNUAL REPORT AND SPRING NEWSLETTER**

See staff report attached hereto.

The Committee and staff discussed the format and topics that will be included in the annual report, which will be produced in electronic format only and made available on the District's website. Mr. Hodgkiss presented some ideas for content for this year's annual report including, but not limited to, a San Diego County Water Authority report, drought update, hydration station installations at city and school sites and water supply information. The Committee asked that the drought article include information about how the District has not had to raise its water rates as a result of implementing the State's mandatory conservation order.

Additionally, the Committee and staff also briefly discussed the upcoming four-page newsletter that will incorporate condensed demographic and financial information along with articles from the annual report. Mr. Hodgkiss suggested that the lead article be a drought update. Mr. Hodgkiss explained that the timing of the newsletter's development and distribution would depend largely on when the State makes it final decision on whether to extend the emergency regulations.

**7. COMMENTS BY COMMITTEE MEMBERS**

None were presented.

**8. ADJOURNMENT**

There being no further business to come before the Committee, at 9:40 a.m. Chair Reznicek adjourned the meeting.

SUBJECT: VID SCHOLARSHIP CONTEST

RECOMMENDATION: Review and provide feedback on draft application materials, including the essay question and timeline for the Vista Irrigation District (VID) Scholarship Contest.

PRIOR BOARD ACTION: At its January 6, 2010 meeting, the Board decided to continue the District's scholarship contest without the California Special Districts Association's (CSDA) participation.

FISCAL IMPACT: \$3,000 for the scholarship contest is included in the budget.

SUMMARY: For sixteen years, the District had participated in the scholarship contest sponsored by CSDA. After many successful years of the scholarship program, CSDA decided "to embark on a new and expanded educational opportunity to reach a greater number of students in our local schools." To this end, CSDA has replaced the scholarship program with a new educational grant program to facilitate teachers to add curriculum geared toward increasing students' knowledge and awareness of special districts and their role in local government.

In January 2010, the Board decided to continue running the District's scholarship contest without CSDA participation. While a majority of the requirements remained the same as the CSDA scholarship contest, the essay topic has been changed periodically to focus on issues impacting San Diego County water supplies and more specifically the District. In 2013, the Board suggested that the essay question/topic be changed each year.

DETAILED REPORT: Staff has prepared a draft application package for the Public Affairs Committee's review and feedback. The scholarship contest requirements, as presented in the draft application package, are the same as last year. Per the Board's suggestion, staff has included a new essay question/topic.

Staff anticipates distributing application packages to counselors of high schools within the District's jurisdictional boundaries in December. Follow-up calls will be made to counselors to make sure the application materials are received. Additional scholarship promotional efforts will include placing information about the scholarship in high schools' monthly scholarship bulletins and on daily video bulletins (if space is available), issuing a news release, and announcing the program on our web site. Application materials will also be made available on the District's web site.

As proposed, application packages would be due to the District by 5:00 p.m. on Friday, February 26, 2016. The Committee, which serves as the competition judges, could meet in the following weeks (based on Committee members' availability) to review the applications and recommend a winner. The Committee's recommendation for the winner could then be submitted to the Board for consideration at the first meeting in April. A certificate in the amount of \$1,500 could then be presented to the winner at the next scheduled Board meeting. As in the past, once the student has enrolled at a university, District staff will forward a check in the amount of \$1,500 to the school on behalf of the student. The Board also has discretion to use the remaining budget to award runner-up and honorable mention scholarships, if warranted.

ATTACHMENT: Draft scholarship application package

## SCHOLARSHIP APPLICATION PACKAGE

The Vista Irrigation District (VID) invites local high school seniors to compete for a scholarship of \$1,500 from VID. A Winner will be chosen based on the quality of essay prepared by the applicant, as well as academic and service qualifications. Applications will not be accepted if all criteria are not met including correct formatting. **Applicants must submit the following documents by February 26, 2016:**

1. Completed application form.
2. High School transcript and continuing education registration information.
3. School/Community involvement:
  - a. One letter of recommendation from a high school faculty member.
  - b. One letter of character reference from a personal or professional associate.
4. A typewritten personal statement (**two pages or less, Arial font, 12 point type, with 1 inch margins top, bottom, left and right, and line spacing set to 1½**). Suggested topics include the student's reasons for applying for the scholarship or seeking a higher education, the student's educational/career goals, personal background or interests.
5. A typewritten essay (**two pages Arial font, 12 point type, with 1 inch margins top, bottom, left and right, and line spacing set to 1½**) addressing the following topic/question:

*Given the frequency and severity of droughts in California, where should the Vista Irrigation District get its water from in the future?*

The essay will be judged on originality and demonstrated understanding of the subject matter. Applicants are encouraged to research the topic through one or more of the following methods:

- a. Library/internet research
- b. Attendance at a water district board meeting
- c. Oral interviews with water district employees or officials

Students may obtain an application package from their Scholarship Counselor or from VID by contacting Brent Reyes at (760) 597-3107. The application package and related materials are also available on the district's website ([www.vid-h2o.org](http://www.vid-h2o.org)) in the Publications section.

A completed application package must be submitted to the Vista Irrigation District, 1391 Engineer Street, Vista, CA 92081-8840, **by 5:00 PM on Friday, February 26, 2016.**

VID will review qualified applications and select a winner who will receive a \$1,500 scholarship from the district. Once enrolled at a college, university or trade school, VID will send a check directly to the school on scholarship recipient's behalf.

SUBJECT: 2015 ANNUAL REPORT AND SPRING NEWSLETTER

RECOMMENDATION: Discuss information to be contained in the 2015 Annual Report and Spring Newsletter.

PRIOR BOARD ACTION: None.

FISCAL IMPACT: Printing costs for a four-page newsletter are estimated at \$3,000. Based on information received from Infosend, the District's bill printing and mailing service provider, staff does not anticipate any additional postage costs associated with inserting the document in with the water bills. Design and layout of the annual report and newsletter are performed in-house by District staff. There is no cost associated with posting an electronic version of each document to the District's website.

SUMMARY: Each year the District prepares an annual report that includes its financial statements, demographic data and articles about various water related topics, such as water conservation, infrastructure improvements and security. Prior to beginning the layout and design process, staff meets with the Committee to receive input regarding the contents of Report. Staff is ready to begin working on the 2015 Annual Report and would like to get the Committee's ideas for content of the report.

Staff is also formulating ideas for the four-page newsletter and would like to get the Committee's thoughts on the content of this year's document.

DETAILED REPORT: Since the first edition, the annual report has been primarily a financial report, in that it focused on the District's audited financial statements. The annual report has also included District demographics and other statistical data shown in graphs. Over the years, articles about District activities and projects, and other water related topics have been added.

In recent years, the annual report has only been produced in an electronic format. In lieu of printing the annual report, which had very limited distribution, the decision was made to develop an expanded newsletter and mail to all customers with their water bills. The four-page newsletter has included some articles and demographic information from the annual report as well as other relevant/timely information.

At this time, staff is requesting the Committee's input on the information to be contained in this year's annual report and four-page newsletter.
