Phone: (760) 597-3100 www.vidwater.org

NOTICE FOR PARTICIPATION

In compliance with the Americans with Disabilities Act, if special assistance is needed to participate in the Board meeting telephonically, please contact the Board Secretary during regular business hours at (760) 597-3128. Notification received 48 hours before the meeting will assist Vista Irrigation District in making reasonable accommodations.

The public may participate in this meeting in-person and by teleconference. To join this meeting via telephone, please dial (877) 873-8018; the Pass Code is 474698#.

Public Participation/Comment: Members of the public can also participate in the meeting by emailing your comments on an agenda item to the Board Secretary at BoardSecretary@vidwater.org; such email should include the agenda item number in the subject line and must be received before the time the meeting commences. Members of the public, whether participating in-person or telephonically, may address the Board of Directors in real-time during the public comment period and when specific agenda items are being considered. Please announce your attendance if participating telephonically or fill out a speaker slip if participating in-person if you would like to provide real-time public comment.

1. CALL TO ORDER

2. ROLL CALL – DETERMINATION OF QUORUM

3. PLEDGE OF ALLEGIANCE

4. CONSIDER APPROVAL OF AGENDA

In the case of an emergency, items may be added to the Agenda by a majority vote of the Board of Directors. An emergency is defined as a work stoppage, a crippling disaster, or other activity that severely imperils public health, safety, or both. Also, items that arise after the posting of the Agenda may be added by a 2/3 vote of the Board. Items on the agenda may be taken out of sequential order as their priority is determined by the Board of Directors. The Board may take action on any item appearing on the agenda.

5. ORAL COMMUNICATIONS

Members of the public may address the Board on items not appearing on the posted agenda, which are within the subject matter jurisdiction of the Board. Speakers are asked to limit their comments to five (5) minutes; the total time allowable for all public comment on items not appearing on the agenda at any one meeting may be limited. Comments on items listed on the agenda will be taken before or during discussion of the agenda item. Members of the public desiring to address the Board are asked to complete a speaker's slip available on the table near the entrance of the Boardroom and present it to the Board Secretary prior to the meeting.

SUBJECT: CONFLICT OF INTEREST CODE REVISIONS

RECOMMENDATION: Adopt Resolution No. 2026-XX amending the Vista Irrigation District's Conflict of Interest Code.

PRIOR BOARD ACTION: At its April 2, 2025 meeting, the Board adopted Resolution No. 2025-12 amending the Vista Irrigation District's Conflict of Interest Code.

FISCAL IMPACT: None.

SUMMARY: Section 87306.5 of the Government Code requires all local agencies in California to review their conflict of interest code in each even-numbered year, as well as whenever amendments are necessary. Agencies' revised conflict of interest codes must be approved by the County of San Diego Board of Supervisors, and they become effective 30 days after Board of Supervisors' approval.

DETAILED REPORT: Per the requirements of Government Code Section 87306.5, staff has conducted a comprehensive review of the Vista Irrigation District's Conflict of Interest Code (Code). The Code has been revised to incorporate a change in the designated Filing Officer for public officials who manage public investments. Effective January 1, 2026, pursuant to Senate Bill 852, public officials who manage public investments, as defined in Government Code Section 87200, are required to electronically file a Statement of Economic Interests (Form 700) directly with the Fair Political Practices Commission (FPPC) using the FPPC's e-filing system rather than with their local agency.

RESOLUTION NO. 2026-XX
RESOLUTION OF THE BOARD OF DIRECTORS OF
VISTA IRRIGATION DISTRICT
ADOPTING AN AMENDED CONFLICT OF INTEREST CODE

WHEREAS, the Legislature of the State of California enacted the Political Reform Act of 1974, Government Code Section 81000 et seq. (the “Act”), which contains provisions relating to conflicts of interest which potentially affect all officers, employees and consultants of the Vista Irrigation District and requires all public agencies to adopt and promulgate a Conflict of Interest Code (Code); and

WHEREAS, the Board of Directors of the Vista Irrigation District adopted a Code which was amended on April 2, 2025 in compliance with Government Code Section 81000, et seq.; and

WHEREAS, a required change to the designated Filing Officer for all public officers who manage public investments has made it advisable and necessary, pursuant to Sections 87306 and 87307 of the Act, to amend and update the District’s Code; and

WHEREAS, the potential penalties for violation of the provisions of the Act are substantial and may include criminal and civil liability as well as equitable relief which would result in the Vista Irrigation District being restrained or prevented from acting in cases where provisions of the Act may have been violated; and

WHEREAS, a public meeting was held on the proposed amended Code at the regular meeting of the Board of Directors on July 8, 2026, at which all present were given an opportunity to be heard on the proposed amended Code.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Vista Irrigation District that the Board of Directors does hereby adopt the proposed amended Code, attached hereto. A copy of the revised Code shall be filed with the District Secretary and available for inspection by the public.

BE IT FURTHER RESOLVED that the said amended Code shall be submitted to the Board of Supervisors of the County of San Diego for approval and said amended Code shall become effective 30 days after the Board of Supervisors approves the amended Code as submitted.

BE IT FINALLY RESOLVED that Resolution No. 2025-12 adopting the amended Conflict of Interest Code on April 2, 2025 is rescinded effective upon the date that adoption of said amended Code becomes effective.

APPENDIX

OFFICIALS WHO MANAGE PUBLIC INVESTMENTS

District officials who manage public investments, as defined by 2 Cal. Code of Regs. §18701(b), are NOT subject to the District's Code, but are subject to disclosure requirements of the Act (Government Code Section 87200 et seq.). [Regs. 18730(b)(3)] These positions are listed here for informational purposes only.

It has been determined that the positions listed below are other District officials who manage public investments:

- Member of Board of Directors
- General Manager
- Director of Administration
- Treasurer
- Assistant Treasurer
- Financial Consultants

DESIGNATED POSITIONS
GOVERNED BY THE CONFLICT OF INTEREST CODE

The Treasurer, Assistant Treasurer, and all District officials who manage the investment of public funds are included in and governed by this Conflict of Interest Code only with respect to its disqualification provisions. For purposes of disclosure, the Treasurer, Assistant Treasurer, and all District officials who manage the investment of public funds are governed by the statutory conflict of interest provisions of Article 2 of Chapter 7 of the Political Reform Act of 1974 (Government Code Section 87200, et seq.)

The persons holding positions listed below are "designated employees" who are subject to the provisions of this Code. Each such designated employee is required to disclose interests only in those categories set forth, which are identified by the numbers following his or her title.

Disclosure Categories

The disclosure categories listed below identify the types of investments, business entities, sources of income, or real property that the designated employee must disclose for each disclosure category to which he or she is assigned.

Category 1: All investments and business positions in, and sources of income from, all business entities that do business or own real property within the jurisdiction of the District, plan to do business or own real property within the jurisdiction of the District within the next year or have done business or owned real property within the jurisdiction of the District within the past two years.

Category 2: All interest in real property which is located in whole or in part within, or not more than two (2) miles outside, the jurisdiction of the District.

Category 3: All investments and business positions in, and sources of income from, business entities subject to the regulatory, permit or licensing authority of the Designated Employee's Department, will be subject to such authority within the next year or have been subject to such authority within the past two years.

Category 4: All investments in, and sources of income from, business entities that are engaged in land development, construction or the acquisition or sale of real property within the jurisdiction of the District, plan to engage in such activities within the jurisdiction of the District within the next year or have engaged in such activities within the jurisdiction of the District within the past two years.

Category 5: All investments and business positions in, and sources of income from, business entities that are banking, savings and loan or other financial institutions.

Category 6: All investments and business positions in, and sources of income from, business entities that provide services, supplies, materials, machinery or equipment of a type purchased, leased, used, or administered by the Designated Employee's Department or by the District.

7. PUBLIC HEARING TO ADOPT THE AMENDED WATER SUPPLY RESPONSE PROGRAM AND FIND THE PROGRAM STATUTORILY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

See staff report attached hereto.

President Miller opened the public hearing at 9:01 a.m. Management Analyst Brent Reyes stated that the Water Supply Response Program (WSRP) is being updated to incorporate water shortage planning elements contained in the District's Urban Water Management Plan (UWMP), as required by Water Code Section 10632. He noted that Assembly Bill (AB) 1572 requirements are also being added to the WSRP. Mr. Reyes said that AB 1572 prohibits the use of potable water for irrigating nonfunctional turf in commercial, industrial, and institutional properties as well as homeowner associations and mandates that water suppliers adopt these requirements by January 1, 2027.

Mr. Reyes provided clarification regarding the District's responsibility for informing customers about AB 1572 requirements, noting that the bill only requires the District to make the information publicly available on its website.

DRAFT MINUTES

Not part of the District's permanent record until approved by the Board of Directors.

It was noted that there were no public comments received. President Miller closed the public hearing at 9:12 a.m. and the Board took the following action:

8. PUBLIC HEARING REGARDING THE ADOPTION OF THE VISTA IRRIGATION DISTRICT 2025 URBAN WATER MANAGEMENT PLAN AND FIND THE PLAN STATUTORILY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

See staff report attached hereto.

President Miller opened the public hearing at 9:15 a.m. Mr. Reyes stated that every five years the District is required to update and adopt its UWMP in accordance with UWMP Act guidelines. He said that the UWMP is essentially a water supply reliability document produced by urban water suppliers to project future water supply and demands under various conditions. Mr. Reyes stated that the UWMP was updated using the same water supply projections that were contained in the District's water rate study.

Mr. Reyes said that the UWMP was made available on the District's website for public review and copies were distributed to other water agencies, cities and the County of San Diego. He stated that the public hearing was noticed in the San Diego Union Tribune and that no public comments had been received.

The Board received clarification on various items in the UWMP. There being no further comments, President Miller closed the public hearing at 9:26 a.m. and the Board took the following action:

26-06-52 ***Upon motion by Director Sanchez, seconded by Director MacKenzie and unanimously carried (5 ayes: Nuñez, Kuchinsky, Sanchez, MacKenzie, and Miller), the Board of Directors found the adoption of the 2025 Urban Water Management Plan statutorily exempt from the California Environmental Quality Act in accordance with California Water Code Section 10652.***

12. MATTERS PERTAINING TO THE ACTIVITIES OF THE SAN DIEGO COUNTY WATER AUTHORITY

See staff report attached hereto.

President Miller reported that the San Diego County Water Authority (Water Authority) Board of Directors will have their next meeting on June 25, 2026. He said that the Water Authority is considering a three percent rate increase and that the Metropolitan Water District (MWD) approved a 6.2 percent rate increase for Fiscal Years 2027 and 2028.

President Miller informed the Board that he has been nominated to be a candidate for the Chair position of the MWD Board of Directors.

13. MEETINGS AND EVENTS

See staff report attached hereto.

Director Kuchinsky reported that he and Director Nuñez attended the Public Affairs Committee meeting where they reviewed and provided feedback on an updated water bill. He said that the proposed changes will be presented to the Board at a future meeting. Director Kuchinsky asked for tentative

authorization to attend the Association of California Water Agencies (ACWA) Region 10 event, pending review of the agenda when available.

Director Nuñez also reported on the Public Affairs Committee meeting and noted that the proposed changes to the water bill make it more understandable. He reported that he and Director Kuchinsky also attended the Water Sustainability Committee meeting where they reviewed the WaterSmart Landscape Contest submissions and chose the winner. The winner will be invited to attend an upcoming Board meeting to receive their award.

Director MacKenzie reported on her attendance at meetings of the CSDA Membership Committee, Legislative Committee and the Board of Directors, providing a summary of topics discussed. She also reported on her attendance of a San Diego Local Agency Formation Commission (LAFCO) meeting where they approved the Municipal Service Review (MSR) for the City of Oceanside; she said that the MSR being prepared for the City of Vista, Vista Irrigation District, City of San Marcos and Vallecitos Water District is to be reviewed by LAFCO by the end of 2026 or early in 2027.

Director MacKenzie asked for authorization to attend a one-day session of the 2026 Urban Water Institute Annual Conference in Coronado, CA, August 19-21, 2026, and requested authorization to stay at the Conference hotel the night before to avoid the congested morning commute to Coronado.

Director Sanchez reported on his attendance at a CSDA Professional Development Committee meeting, providing a summary of topics discussed. Director Sanchez requested authorization to attend the ACWA Region 10 event.

26-06-56	<i>Upon motion by Director Kuchinsky, seconded by President Miller and unanimously carried (5 ayes: Nuñez, Kuchinsky, Sanchez, MacKenzie, and Miller), the Board of Directors authorized Directors Kuchinsky (tentatively) and Sanchez to attend the ACWA Region 10 Event; and authorized Director MacKenzie to attend a one-day session of the 2026 Urban Water Institute Annual Conference being held August 19-August 21, 2026 in Coronado and authorized expenses associated for a one-night hotel stay at the Conference hotel.</i>

14. ITEMS FOR FUTURE AGENDAS AND/OR PRESS RELEASES

See staff report attached hereto.

No additional items were presented.

15. COMMENTS BY DIRECTORS

Director Sanchez highlighted noteworthy items from an ACWA Federal Affairs Committee report.

Director MacKenzie mentioned that Barry Willis, Vice Chair of LAFCO, may attend the July 8, 2026 Board Meeting.

Director Kuchinsky commented that the Environmental Protection Agency (EPA) announced the availability of \$15.7 million in funding for PFAS projects across Southern California and suggested that the District may have the opportunity to secure funding in the future through the EPA Emerging Contaminants in Small or Disadvantaged Communities program.

DRAFT MINUTES

Not part of the District's permanent record until approved by the Board of Directors.

President Miller inquired about the District's capabilities to allow virtual attendance at Board meetings. Mr. Hodgkiss and Ms. Mitchell stated that the District has the capability; however, the Board would need to adopt various policies prior to doing so.

President Miller requested a status update on the treatment of harmful algal blooms at Lake Henshaw. Mr. Hodgkiss provided a brief update regarding sampling results, treatment and releases from the lake.

16. COMMENTS BY GENERAL COUNSEL

Ms. Mitchell reported on a tax measure initiative called "limits ability of voters to raise revenues for local government services initiative constitutional amendment", which seeks to increase the approval threshold on voter-initiated ballot measures from a simple majority to two-thirds.

17. COMMENTS BY GENERAL MANAGER

No comments were presented

18. ADJOURNMENT

There being no further business to come before the Board, at 10:59 a.m., President Miller adjourned the meeting.

July

- Continue recruitment for Utility Worker Trainee position.
- Begin recruitment for Meter Services Technician.
- Coordinate pesticide safety training for field personnel.
- Coordinate forklift training for warehouse and field personnel.

ENGINEERING DIVISION

June

- The District has replaced approximately 11.79 miles of Nipponite pipe since 2002 with 4.13 miles remaining as shown below. Replacement of 1.00 miles of Nipponite pipe is currently in design and 0.11 miles is in construction.

- Pechstein and Pechstein II Reservoir Planning and Design – Dudek completed the master plan, began pre-design and California Environmental Quality Act activities.
- Flume Replacement Pipeline Design – continued reviewing proposals for environmental, engineering and design services to replace the Flume.
- Projects along Flume
 - The Villages – 380 dwelling unit residential subdivision along Country Club Lane, between Nutmeg Street and Pamela Lane in Escondido. Storm drain work along the Jones Siphon, the relocation of an 18-inch transmission main that feeds the Bennett service area and final punch list items have been completed. Project closeout is underway.

- Nutmeg Homes – 137 dwelling unit residential subdivision along Nutmeg Street between Centre City Parkway and Interstate 15 in Escondido. The design phase is complete and the grading, street and utility improvement plans along Nutmeg Street have been signed. The project will place additional fill along Nutmeg Street and over approximately 400 feet of the Caldwell Siphon section of the Flume. The District has approved agreements to allow the additional fill, quitclaim the portion of the District’s Flume easement over the property, and participate in the project’s Community Facilities District.

July

- Mainline Replacement Projects in design (current projects): East AB Line – Esplendido Ave. to Las Posas Rd.; Oro Avo Dr.* and Shale Rock Rd.; Hardell Ln.*; Colavo Dr.*; Richland Rd.*; West AB Line – Esplendido Ave. to Bella Vista Dr.; Alta Vista Dr. and Vale Terrace Dr.; Lado De Loma Dr.*, Eddie Dr., Rancho Vista Rd. and Bandini Pl.; Indiana Ave.* and Broadway; Catalina Ave.*; McGavran Dr. (Total length = 6.26 miles).

 Fiscal year-to-date rain total: 19.3 inches (June 29, 2026)
 Percent of average yearly rain: 84.1% (30-year average: 22.91 inches)
 Percent of average year-to-date rain: 84.1% (30-year average through June: 22.85 in.)

Warner Ranch Wellfield

Number of wells running in May:	11
Total production for month of May:	710 af
Average depth to water table (June):	57 ft (see attached historical water table chart)

June

- Harmful Algal Blooms (HABs)
 - Conducted sampling at Lake Henshaw on June 1, 4, 8, 15, and 24, 2026. Samples for microcystin ranged from “non-detect” to above the “caution” threshold. Samples for anatoxin-a were all “non-detect” except for June 8, 2026, which was at the “caution” level for one site.
 - Treated Lake Henshaw with peroxide-based algaecide on June 10 through June 11 and June 22 through June 23, 2026.
 - Submitted a revised Aquatic Pesticide Application Plan to the State Water Resources Control Board for approval to use a new peroxide-based algaecide, oximycin, at Lake Henshaw.
- Oxygenation Pilot Study
 - San Diego Gas and Electric (SDG&E) conducted an inspection of the electrical conduit and trenching backfill work to the power source for the nanobubble systems.
 - Continued work on lease and professional services agreements for equipment and support services, respectively, with Moleaer, Inc.
- Attended SDG&E presentation on the Golden Pacific Powerlink at the Warner Springs Community Sponsor Group meeting.
- Attended a San Diego Pig Intergovernmental Working Group (Group) meeting; the Group discussed an increase in feral pig sightings in 2026, none of which were in Warner Springs .

July

- HABs
 - Monitor and adaptively manage Lake Henshaw based on weather and lake conditions.
 - Treat Lake Henshaw with peroxide-based algaecide on July 7 through July 8 and July 20 through July 21, 2026.
- Lake Henshaw Resort well – prepare a request for proposal for iron and manganese treatment system for the new well.

OPERATIONS & FIELD SERVICES DIVISION

June

- Water Quality Calls/Incidents for June – received one discolored water and two taste and odor calls. The discolored water call was related to a system shutdown and was resolved with flushing. Both taste and odor calls were attributed to source water changes at the Escondido-Vista Water Treatment Plant.
 - Inspected and tested 13 new backflow devices that were integrated into the District’s cross-connection control program.
 - Received approval of the District’s 2026 Consumer Confidence Report from the State Water Resources Control Board.

- Attended the biennial San Diego Water Agency Emergency Collaborative meeting hosted by the San Diego County Water Authority; presentation covered bombs and explosives awareness.
- Installed additional safety railing near entry hatches and ingress/egress locations at Edgehill (E) reservoir.
- 486 Zone Pressure Relief Project – submitted vault relocation drawing to the City of Vista.
- Continued mainline replacement of steel, Nipponite and non-Nipponite AC pipe on Cassou Road – install approximately 9,500’ of various sizes of PVC pipe, 63 services and 5 hydrant laterals. (approximately 75% complete; full project completion is anticipated in Fall 2026).

ACHIEVEMENTS – FISCAL YEAR 2026

- Participated in the city of Vista Eco-Explorer Day (June 2026)
- Received approval of the District's 2026 Consumer Confidence Report from the State Water Resources Control Board Division of Drinking Water (June 2026).
- Participated in City of San Marcos Smart Splash Summer Bash event (May 2026)
- Received approval of the District's Electronic Annual Report from the State Water Resources Control Board Division of Drinking Water (May 2026).
- Received Project of the Year Award in Structures \$2 million to \$5 million from the American Public Works Association San Diego and Imperial Counties Chapter for the Deodar Reservoir Rehabilitation Project (May 2026).
- Received Outstanding Seismic Retrofit Project award from the American Society of Civil Engineers San Diego Section for the Deodar Reservoir Rehabilitation project (May 2026).
- Completed Deodar Reservoir Rehabilitation project which included replacing the existing roof with an aluminum dome roof; valve and cathodic protection replacement for existing inlet, outlet, overflow and drain yard piping; replacing interior overflow pipe and water level gauge; and installing site improvements (May 2026).
- Completed mainline replacement of steel and Nipponite AC pipe on Robinhood Road – installed approximately 7,200' of various sizes of PVC pipe, 26 services and 3 hydrant laterals. (April 2026).
- Participated in the Alta Vista Botanical Gardens Earth Day event (April 2026).
- Partnered with Vallecitos Water District on hosting a Landscape Workshop (March 2026).
- Completed mainline replacement of non-Nipponite AC pipe on Royal Road – installed approximately 935' of various sizes of PVC pipe, 6 services and 1 hydrant lateral (January 2026).
- Received ACWA JPIA President's Special Recognition Award for having a loss ratio of 20% or less in its Property and Workers' Compensation programs (December 2025).
- Partnered with Vallecitos Water District on hosting Landscape Workshops (November 2025).
- Updated the District's Emergency Response Plan (September 2025).
- Completed installing Association of California Water Agencies Joint Powers Insurance Authority grant-funded backup cameras (19) on large trucks (August 2025).
- Completed installing approximately 250 lineal feet of geogrid mesh system to protect the Flume road to Daley Bench (August 2025).
- Received Association of California Water Agencies Joint Powers Insurance Authority (ACWA JPIA) Wellness Grant (July 2025).
- Received Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association for the 18th year (July 2025).

STAFF REPORT

Agenda Item: 8

Board Meeting Date: July 8, 2026
Prepared By: Randy Whitmann
Approved By: Brett Hodgkiss

SUBJECT: PECHSTEIN AND PECHSTEIN II RESERVOIR PLANNING AND DESIGN

RECOMMENDATION: Receive an informational report on the site master plan and alternatives analysis prepared for the Pechstein and Pechstein II Reservoir Planning and Design project (D-2393, DIV NO 5).

PRIOR BOARD ACTION: On March 19, 2025, the Board authorized the General Manager to enter into an Agreement for Professional Services with Dudek for the Pechstein and Pechstein II Reservoir Planning and Design project in an amount not-to-exceed \$2,066,360.

FISCAL IMPACT: Planning level budgetary construction costs developed as part of the master plan range between \$27.0 and \$38.9 million for Pechstein II Reservoir's recommended alternative. Dudek will prepare a more detailed construction cost estimate during design.

SUMMARY: Pechstein Reservoir, located near the intersection of Buena Creek Road and Bluebird Canyon Road (see attached map), is a 20 million gallon (MG), prestressed concrete reservoir constructed in 1978. It is located on a 26-acre site and functions as the main delivery hub of treated water into the District's system. Treated water coming from the Escondido-Vista Water Treatment Plant at Lake Dixon is conveyed through the Vista Flume to the Pechstein Reservoir. The site includes two pump stations (Pump Stations 10 and 12) which supply the adjacent and higher 984 Pressure Zone. The District's VID 3 turnout with the San Diego County Water Authority (Water Authority) is also located directly across the street (Bluebird Canyon Road) and is a critical feed for the system.

Pechstein Reservoir's existing roof system, constructed from wood glulam beams and rafters covered by corrugated metal sheet, is beyond its useful life and needs replacement. Pechstein Reservoir provides nearly 50 percent of the District's storage for the distribution system and currently cannot be taken out of service for the extended period of time that is necessary to replace the roof; the construction of a new, up to 10 MG Pechstein II Reservoir prior to roof replacement would provide the storage redundancy and operational flexibility that is necessary for the roof replacement project to proceed.

In addition to the construction of a new Pechstein II Reservoir and subsequent roof replacement on the existing Pechstein Reservoir, several other future capital projects are planned on or adjacent to the Pechstein site including:

- Replacement and consolidation of Pump Stations 10 and 12
- New Flume connection entering the site from the east along Buena Creek Road
- New VID 3 location and piping connections (by the Water Authority)
- New secondary Pechstein transmission pipeline feed, routed through the property and headed west along Buena Creek Road
- New secondary pipeline feed to the Buena Creek (HB) Reservoir

DETAILED REPORT: To accommodate integration of a new Pechstein II Reservoir, associated yard piping, connections to existing facilities, and future connections to the previously described projects, the Pechstein and Pechstein II Reservoir Planning and Design project included the development of a comprehensive site master plan to ensure future construction projects are strategically coordinated and properly integrated into the system.

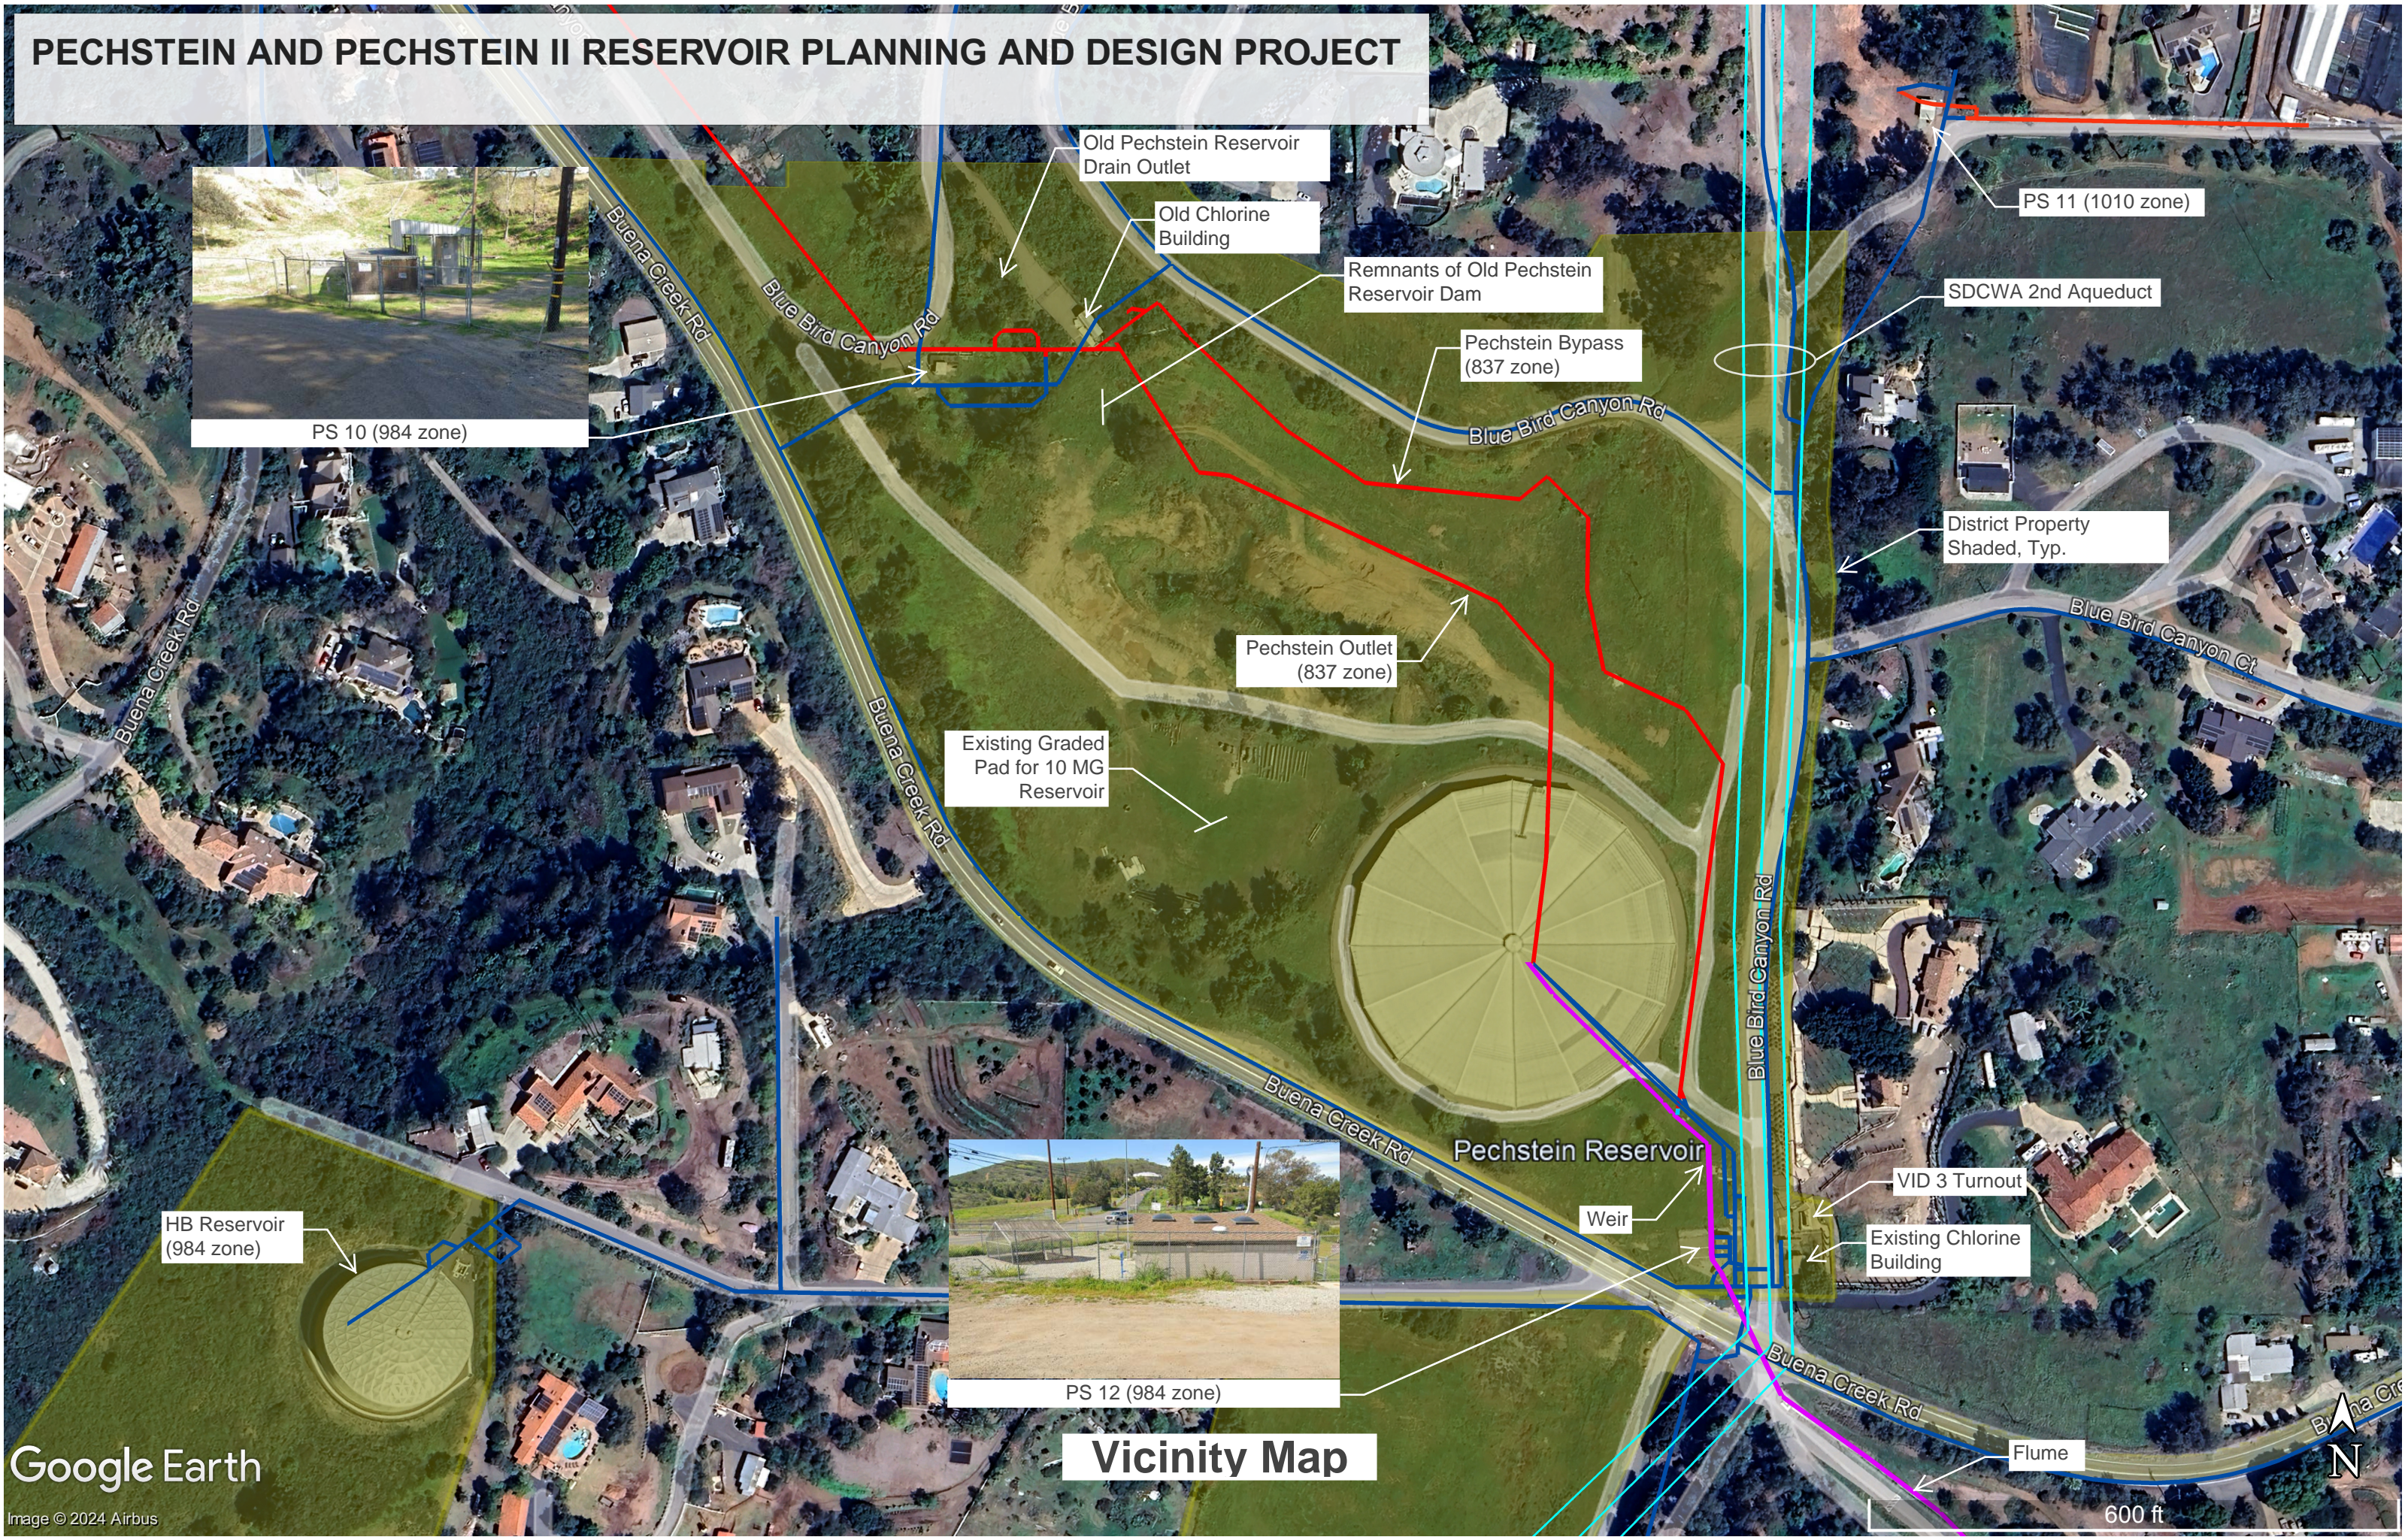

Dudek has completed the site master plan; it compares two site alternatives and provides a recommendation for moving forward with preliminary and final design of the Pechstein II Reservoir.

Several figures and a table from the site master plan report are attached to show the existing site and facilities, the two site alternatives (site plans and renderings) and a comparison of the alternatives in terms of geotechnical conditions and earthwork, yard piping, construction phasing constraints and schedule impacts, environmental constraints and aesthetics, construction costs, etc. These attachments will be reviewed during the Board meeting via a PowerPoint presentation to highlight key aspects of the project and the recommended alternative.

5.5 Comparison of Alternatives

Table 5-7 summarizes the alternatives evaluations presented in Sections 5.2 through 5.4 and indicates the preferred alternative for each criterion or whether the criterion is neutral both alternatives.

Table 5-7. Comparison of Alternatives

Criterion	Alternative 1	Alternative 2
Geotechnical Conditions and Earthwork	Existing graded pad for Pechstein II Reservoir will need to be over excavated for subgrade preparation but is not anticipated to require rock removal. Heavily Preferred Alternative	Significant rock excavation anticipated at the Pechstein II Reservoir site creates risk to the project cost and schedule and additional impacts to the environment and community.
Permanent Yard Piping	Both alternatives require a nearly identical amount of yard piping (in terms of both size and length). Alternative Neutral	Both alternatives require a nearly identical amount of yard piping (in terms of both size and length). Alternative Neutral
Construction Phasing Constraints and Schedule Impacts	Does not require relocation of overhead electric lines or construction of temporary piping prior to construction of Pechstein II Reservoir. Heavily Preferred Alternative	Existing overhead electric lines and Pechstein I bypass and outlet pipelines interfere with construction of Pechstein II Reservoir and require relocation prior to construction. This increases project construction cost and schedule duration.
Environmental Constraints and Aesthetics	Both alternatives will impact the wetland vegetation in the basin area to the same degree and may require mitigation and permitting. Noise, greenhouse gas, and aesthetic impacts of Alternative 1 appear to be less significant when compared with Alternative 2. Preferred Alternative	Both alternatives will impact the wetland vegetation in the basin area to the same degree and may require mitigation and permitting. Noise, greenhouse gas, and aesthetic impacts of Alternative 2 appear to be more significant when compared with Alternative 1. The reservoir location will also be more visible from roadways and surrounding residents when compared to Alternative 1.
Opinion of Probable Construction Cost for Pechstein II Reservoir Project	Planning level budgetary construction cost = \$27.0M to \$38.9M Heavily Preferred Alternative	Planning level budgetary construction cost = \$30.5M to \$44.0M The higher cost is due to rock excavation requirements, additional and taller retaining walls, relocation of the overhead electric lines, and construction of a temporary bypass/outlet pipeline.
Operations and Maintenance Considerations	No discernible difference regarding operations and maintenance considerations were identified between the two alternatives. Alternative Neutral	No discernible difference regarding operations and maintenance considerations were identified between the two alternatives. Alternative Neutral
Water Quality and Water Age	No discernible difference regarding impacts to water quality or water age were identified. Alternative Neutral	No discernible difference regarding impacts to water quality or water age were identified. Alternative Neutral

Table 5-7. Comparison of Alternatives

Criterion	Alternative 1	Alternative 2
Site Access and Security	Access roads and fencing lengths are nearly identical for both alternatives. Alternative Neutral	Access roads and fencing lengths are nearly identical for both alternatives. Alternative Neutral
Electrical and SCADA Improvements	Electrical and SCADA requirements for VID facilities are essentially the same for both alternatives with the exception of the overhead electric relocation required for Alternative 2 (included in phasing and schedule criterion). Alternative Neutral	Electrical and SCADA requirements for VID facilities are essentially the same for both alternatives with the exception of the overhead electric relocation required for Alternative 2 (included in phasing and schedule criterion). Alternative Neutral

5.6 Recommended Alternative

Based on the preceding comparison between Alternatives 1 and 2, Alternative 1 is the preferred and recommended alternative due to its lower projected cost, shorter construction schedule and reduced environmental impacts. In addition, the risk of cost and schedule escalation for the Pechstein II Reservoir project are lower for Alternative 1 because Alternative 1 does not appear to require significant rock excavation, the relocation of overhead electric power lines, or the construction of temporary piping to maintain the functionality of the Pechstein I Reservoir and bypass pipeline facilities.

STAFF REPORT

Agenda Item: 9

Board Meeting Date: July 8, 2026
Prepared By: Lesley Dobalian
Approved By: Brett Hodgkiss

SUBJECT: GOLDEN PACIFIC POWERLINK

RECOMMENDATION: Receive an informational report on the preliminary alignment for the Golden Pacific Powerlink.

PRIOR BOARD ACTION: None.

FISCAL IMPACT: Unknown.

SUMMARY: San Diego Gas and Electric (SDG&E) plans to build, own and operate the Golden Pacific Powerlink (Powerlink), a 500 kilovolt (kV) transmission line from the Imperial Valley Substation to the San Diego–Orange County border. The preliminary alignment would cross District owned land at Warner Springs.

DETAILED REPORT: In August 2025, SDG&E announced its plans to build, own and operate the Powerlink, a new 500 KV transmission line that would connect SDG&E’s existing Imperial Valley Substation to a new substation to be built near the San Diego–Orange County border just north of the San Onofre Nuclear Generating Station, creating a new high-capacity pathway to help deliver electricity across Southern California. The Powerlink transmission line is one of 45 projects recommended by the California Independent System Operator (CAISO) in its 2022–2023 Transmission Plan to meet California’s need for new electricity generation and delivery capacity and to meet its carbon reduction goals. CAISO is the independent system operator of the California wholesale electric grid and manages the wholesale electricity transmission system flow for the electric grid, serving 80 percent of California and a small part of Nevada.

The California Public Utilities Commission (CPUC) will be responsible for approving the final route and issuing the final project approval for the Powerlink transmission line. SDG&E’s preliminary route passes through Borrego Springs, comes up along County Route S2 and crosses over land owned by the District through Warner Springs. The height of the transmission towers would be just under 200 feet high, and SDG&E would require an easement between 200 to 250 feet wide.

SDG&E has been hosting virtual open houses and attending public meetings to present information and gather informal community feedback on the preliminary route corridor for its proposed Powerlink project. Staff attended the SDG&E open house meetings in May 2026, which were well attended by the public. Staff also attended a presentation made by SDG&E at the Warner Springs Community Sponsor Group on June 18, 2026. This meeting was attended by approximately 60 members of the community, who expressed significant opposition to the preliminary route passing through Warner Springs. There will be an opportunity for public comment on the alternative alignments after SDG&E files with the CPUC.

Staff requested to meet with SDG&E to share information about the District and discuss SDG&E’s proposed alignments.

SDG&E’s projected timeline includes:

- CPUC Filing - Summer/Fall 2026
- State and federal permitting and approvals - Fall 2026-2029
- Construction - Fall 2029
- New transmission line begins service - 2032

A NEW 500-KV TRANSMISSION LINE

Golden Pacific Powerlink

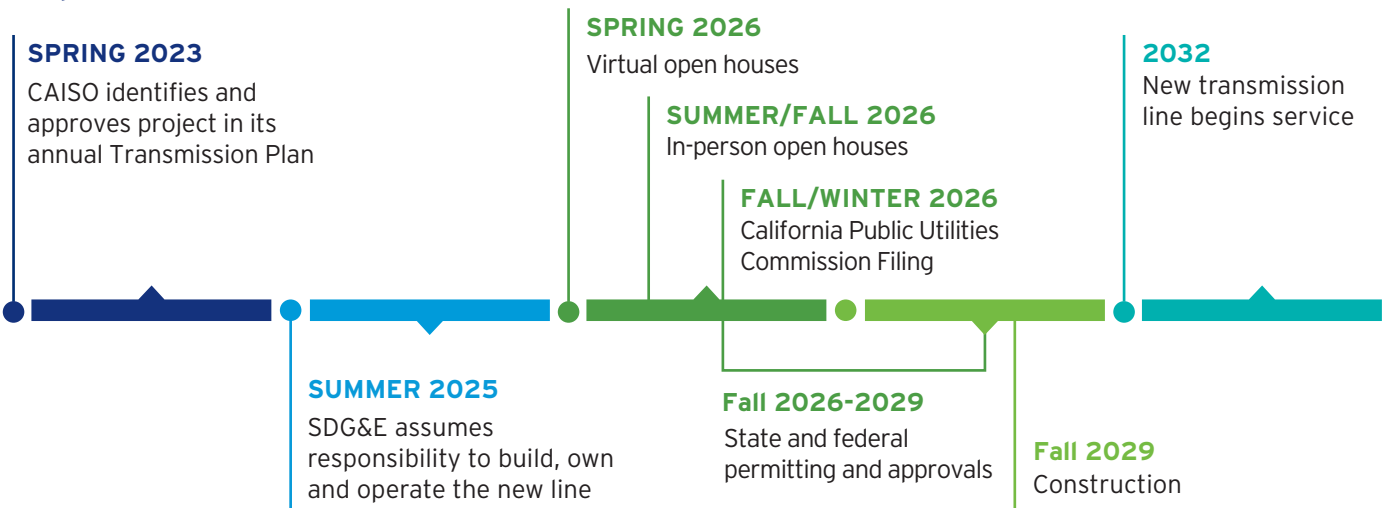

Delivering Tomorrow's Energy

California is projected to use more electricity than ever as homes, transportation, businesses, and industry increasingly rely on electricity. To ensure the state has enough power to meet growing demand, California's transmission planning process has determined that additional transmission capacity is needed to keep the electric system reliable and resilient.

Through the California Independent System Operator's (CAISO) rigorous, multi-year transmission planning process, Golden Pacific Powerlink was identified as a required project to strengthen the statewide grid, reduce congestion, and improve the delivery of electricity to where it's needed most.

Golden Pacific Powerlink is a proposed new 500-kilovolt (kV) transmission line that SDG&E will build, own, and operate. The project would connect SDG&E's existing Imperial Valley Substation to a new substation to be built near the San Diego-Orange County border, creating a critical new high-capacity pathway to help deliver electricity across Southern California.

Projected Timeline

Estimated dates

This new line will help keep the region's power supply reliable and allow the state to meet its energy goals as demand continues to grow.

- Create a vital new transmission pathway
- Enhance the region's electrical grid
- Enable greater integration of more electricity generation

Opportunities for Participation

Golden Pacific Powerlink is in early planning and preliminary design. As the project moves forward, SDG&E is committed to engaging with communities and gathering public input to help inform project development and environmental review.

SDG&E's Commitment to Safety and Reliability

With over 140 years of experience delivering energy across the region, SDG&E has a strong track record of building and operating critical infrastructure. The Golden Pacific Powerlink will benefit from this expertise, including SDG&E's award-winning wildfire safety program, which has helped prevent major utility-related wildfires for more than 18 years. Safety and reliability will guide every step of the project.

In-Person Open Houses: Summer/Fall 2026

Following a comprehensive environmental review process under the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA), the final route will be reviewed and approved by the California Public Utilities Commission (CPUC) and applicable federal agencies before any construction can begin.

STAFF REPORT

Board Meeting Date: July 8, 2026
Prepared By: Brett Hodgkiss

SUBJECT: MATTERS PERTAINING TO THE ACTIVITIES OF THE SAN DIEGO COUNTY WATER AUTHORITY

SUMMARY: Informational report by staff and directors concerning the San Diego County Water Authority. No action will be required.

**SUMMARY OF FORMAL BOARD OF DIRECTORS' MEETING
JUNE 25, 2026**

1. Monthly Treasurer's Report on Investments and Cash Flow.
The Board noted and filed the monthly Treasurer's Report
2. Resolution approving side letter agreement between the Water Authority and Teamsters 986 amending language in Article 12.1 of the consolidated Memorandum of Understanding with represented employees for the period July 1, 2023, through June 30, 2026.
The Board adopted Resolution No. 2026-07, approving the side letter agreement between the Water Authority and Teamsters 986 amending language in Article 12.1 of the consolidated Memorandum of Understanding with represented employees for the period from July 1, 2023, through June 30, 2026.
3. Adopt the Water Authority's Rates and Charges for Calendar Year 2027.
The Board conducted the Public Hearing; and approved staff's recommendation of a three percent effective rate increase for CY 2027; adopted Ordinance No. 2026-01 an ordinance of the Board of Directors of the San Diego County Water Authority setting rates and charges for the delivery and supply of water, use of facilities, and provision of services; adopted Ordinance No. 2026-02 an ordinance of the Board of Directors of the San Diego County Water Authority amending and restating the Permanent Special Agricultural Water Rate Program, adopted Ordinance No. 2026-03 an ordinance of the Board of Directors of the San Diego County Water Authority amending and restating the System Capacity and Water Treatment Capacity Charges imposed by the Water Authority pursuant to Section 5.9 of the County Water Authority Act; adopted Resolution No. 2026-06 a resolution of the Board of Directors of the San Diego County Water Authority continuing the Standby Availability Charge; found the actions exempt from CEQA pursuant to Public Resources Code § 21080(b)(8) and authorized the General Manager to file a notice of exemption.
4. Adopt the Fiscal Years 2026 and 2027 Mid-Term Budget.
The Board adopted Resolution 2026-05 amending the biennial budget for Fiscal Years 2026 and 2027.
5. Purchase of Water Authority Business Insurance for Fiscal Year 2027.
The Board authorized the General Manager to purchase \$41 million in liability insurance for fiscal year 2027 from CalMutuals JPRIMA in the amount of \$741,821, property insurance for fiscal year 2026 from Swiss Reinsurance Company in the amount of \$271,099, and workers' compensation insurance from CalMutuals JPRIMA in the amount of \$492,393, for a total amount of \$1,505,313.
6. Amendment to the Agreement with Valley Center Municipal Water District and Yuima Municipal Water District for the Emergency Water Storage Project Improvements in Valley Center and Yuima Municipal Water Districts.
The Board authorized the General Manager, or designee, to execute an amendment to the construction funding and operations agreement with Valley Center Municipal Water District and

Yuima Municipal Water District for infrastructure improvements providing emergency water supplies to Valley Center and Yuima Municipal Water Districts to increase the not-to-exceed amount by \$400,000, increasing the authorized cumulative contract amount from \$11,360,000 to \$11,760,000.

7. Construction contract with Filanc for the Ramona Pipeline Improvements – Phase 1 project.
The Board awarded a construction contract to Filanc in the amount of \$6,595,708 for the Ramona Pipeline Improvements – Phase 1 project.
8. Professional services contracts with Brown and Caldwell; The Engineering Partners, Inc.; and WHB Engineers for control systems and electrical engineering services, as-needed.
The Board awarded design professional service contracts, with such non-material modifications as approved by the General Manager or General Counsel, to Brown and Caldwell for \$1,750,000; The Engineering Partners, Inc. for \$1,750,000; and WHB Engineers for \$500,000, to provide control systems and electrical engineering services, as-needed, for a period of three years with the option to extend an additional two years, and authorized the General Manager, or designee, to execute the contracts.
9. Adoption of Resolution No. 2026-08 to approve the Water Authority’s 2025 Urban Water Management Plan and Water Shortage Contingency Plan.
The Board adopted Resolution No. 2026-08 approving the Water Authority’s 2025 Urban Water Management Plan (UWMP) and Water Shortage Contingency Plan (WSCP) and authorized submittal of the adopted documents to the California Department of Water Resources (DWR) by July 1, 2026, in compliance with the Urban Water Management Planning Act of the California Water Code.
10. Amendment to the cost-sharing agreement for Colorado River Board of California funding.
The Board authorized the General Manager to execute an amendment to the Six Agency Committee joint powers agreement, establishing a one-year interim funding agreement for the Colorado River Board of California (CRB) from July 1, 2026, to June 30, 2027.
11. Board of Director Retirement Resolution.
Director Amanda Flesse, Carlsbad Municipal Water District.
The Board adopted Resolution No. 2026-13, a Resolution of the Board of Directors of the San Diego County Water Authority honoring Amanda Flesse upon her retirement from the Board of Directors.
12. SB 707 Compliance: Approve Resolutions adopting Board Policies for Technical Disruptions, Disruptive Conduct by the Public, and establishing determination of Public Outreach efforts.
The Board approved Resolution No. 2026-09 adopting a policy addressing disruption of telephonic or internet service during public meetings; approved Resolution No. 2026-10 adopting a policy addressing disruptive conduct by members of the public; and approved Resolution No. 2026-11 determining reasonable efforts by staff to encourage public participation in meetings pursuant to Government Code § 54953.4.

13. Resolution to approve successor consolidated Memorandum of Understanding with the represented Teamsters 986 employees, approve amendments to the compensation plan for unrepresented employees, and approve corresponding Classification and Salary Schedules.
The Board adopted Resolution No. 2026-12, a resolution of the Board of Directors of the San Diego County Water Authority approving a successor consolidated memorandum of understanding with the Teamsters Local 986 union representing the Technical/Support, Professional/Administrative, and Managerial/Supervisory Bargaining Units effective July 1, 2026 through June 30, 2029; approving the unrepresented compensation plan adjustments for Executive, Senior Management and Confidential groups; and approving the classification and salary schedule for the period from July 1, 2026 through June 30, 2027; and approving the amended classification and salary schedule for the period from July 1, 2025 through June 30, 2026 for CalPERS compliance.

14. Approval of Minutes.
The Board approved the minutes of the Formal Board of Directors' meeting of May 28, 2026.
