### MINUTES OF THE ADJOURNED MEETING OF THE BOARD OF DIRECTORS OF VISTA IRRIGATION DISTRICT

#### September 16, 2020

An Adjourned Meeting of the Board of Directors of Vista Irrigation District was held on Wednesday, September 16, 2020, at the offices of the District, 1391 Engineer Street, Vista, California.

### 1. CALL TO ORDER

President Vásquez called the meeting to order at 9:00 a.m.

## 2. ROLL CALL

Directors present: Vásquez, Dorey, Sanchez, and MacKenzie; Director Miller was also present by teleconference.

Directors absent: None.

Staff present: Brett Hodgkiss, General Manager; Lisa Soto, Secretary of the Board; Don Smith, Director of Water Resources; Randy Whitmann, Director of Engineering; Frank Wolinski, Director of Operations and Field Services; and Marlene Kelleher, Director of Administration. Staff present by teleconference: Ramae Ogilvie, Administrative Assistant. General Counsel David Cosgrove was also present.

Other attendees: None.

#### **3. PLEDGE OF ALLEGIANCE**

Director MacKenzie led the pledge of allegiance.

## 4. APPROVAL OF AGENDA

20-09-81 Upon motion by Director Sanchez, seconded by Director Dorey and unanimously carried (5 ayes: Miller, Dorey, Sanchez, MacKenzie, and Vásquez), the Board of Directors approved the agenda as presented.

### 5. ORAL COMMUNICATIONS

No public comments were presented on items not appearing on the agenda.

## 6. CONSENT CALENDAR

20-09-82 Upon motion by Director MacKenzie, seconded by Director Sanchez and unanimously carried (5 ayes: Miller, Dorey, Sanchez, MacKenzie, and Vásquez), the Board of Directors approved the Consent Calendar, including Resolution No. 20-26 approving disbursements.

### A. Grant of Right of Way and Quitclaim Deed

See staff report attached hereto. Staff recommended and the Board accepted Grant of Right of Way (C139) and approved Quitclaim Deed (682) for the proposed Pala Vista Park consisting of approximately 0.84 gross acres owned by City of Vista, located along the east side of Civic Center Drive and bordering Pala Vista Drive, Vista (D-2356; APN 179-122-16, APN 179-122-17, 179-122-18, 179-122-44, 179-122-46, & 179-122-47; DIV 4).

### B. Grant of Right of Way

See staff report attached hereto. Staff recommended and the Board accepted Grant of Right of Way (V102) for a specific easement over a 187-lot single-family residential development known as San Marcos Highlands, consisting of approximately 45.22 gross acres owned by Diversified Projects Inc., a California corporation, located at the northern end of Las Posas Road, San Marcos (LN 2017-018; APNs 184-240-33, -35, 184-241-06 and -09; DIV NO 5).

C. Minutes of Board of Directors meeting on September 2, 2020

The minutes of September 2, 2020 were approved as presented.

D. Resolution ratifying check disbursements

## **RESOLUTION NO. 20-26**

BE IT RESOLVED, that the Board of Directors of Vista Irrigation District does hereby approve checks numbered 65070 through 65183 drawn on Union Bank totaling \$1,090,696.16.

FURTHER RESOLVED that the Board of Directors does hereby authorize the execution of the checks by the appropriate officers of the District.

PASSED AND ADOPTED unanimously by a roll call vote of the Board of Directors of Vista Irrigation District this 16<sup>th</sup> day of September 2020.

## 7. **PROPERTY DETACHMENT**

See staff report attached hereto.

Director of Engineering Randy Whitmann presented an overview of the Nordahl Road Project (Project) stating the Project location is in the "Boot" and "Bennett" service areas, which were discussed at length in the recent Water Supply Planning Study. He noted that the "Boot" and "Bennett" service areas fall within the District's service area and Vallecitos Water District's (Vallecitos) sphere of influence. Since San Diego Local Agencies Formation Commission (LAFCO) has determined that Vallecitos should be both the water and sewer provider in the "Boot" and "Bennett" service areas, the District typically takes opportunities such as this to detach the property from the District and annex to Vallecitos for water service.

Mr. Whitmann stated that this Project is different from recent detachments, such as the Orchard Hills and Olive Street, because in those detachments Vallecitos already had a water main nearby. In this case, the nearest Vallecitos water main is about 1,200 feet to the south on Rock Springs Road. He reviewed the Project location, showing the nearest Vallecitos pipeline and the District pipelines that are already in the Project vicinity.

Mr. Whitmann stated that it would cost the developer \$250,000 to go through the reorganization process and construct a pipeline in Nordahl Road to serve the Project. He said District and Vallecitos staffs developed an alternative solution which involved the Project detaching from the District and annexing into Vallecitos (at the expense of the Developer) and allowing for the construction of a Vallecitos-owned and maintained pipeline off of the District's main on Nordahl Road to serve the Project via a temporary exchange agreement. Mr. Whitmann said that this would not be a permanent solution; when the vacant property south of the Project site is developed, a new Vallecitos pipeline would be constructed in Nordahl Road to feed the vacant property as well as this Project, thus eliminating the need for a temporary exchange agreement.

Director MacKenzie expressed reservations about approving a temporary exchange agreement that has no end date, no date for future review, and could go on indefinitely. She also expressed concern about creating "fingers" or island-like areas within the District's service area boundaries. Mr. Whitmann reviewed the thought process behind staff's recommendation for this temporary exchange agreement.

Mr. Whitmann reviewed the typical terms associated with a temporary exchange agreement such as which agency would be tasked with meter reading, customer billing and capacity fee collection. Director of Administration Marlene Kelleher reviewed how and when the District reviews its capacity fees and fees for detachment from the District. She noted that the District is in the process of updating its fees, and the proposed fee adjustments will be presented for the Board's consideration at its October 7, 2020 meeting.

Director MacKenzie suggested that the Board continue the discussion regarding this detachment to a future Board meeting so that it can be considered along with of the District's policies for temporary service agreements and exchange agreements. Based on Board discussion, Mr. Hodgkiss suggested alternatively that the Board could choose not to approve the concept of entering into a temporary exchange agreement for this parcel based on the uncertainty of when or if Vallecitos would ever extend a pipeline north to the proposed detachment area. Mr. Hodgkiss said that staff would prepare a review of the District's policies for temporary exchange agreements and temporary service agreements for a future Board agenda.

20-09-83 Upon motion by Director MacKenzie, seconded by Director Sanchez and unanimously carried (4 ayes: Miller, Dorey, Sanchez, and MacKenzie; 1 no: Vásquez), the Board of Directors continued consideration of the detachment (in concept) of approximately 3.8 acres for the Nordahl Road single-family residential subdivision located at 1217 Nordahl Road within an unincorporated area between the City of Escondido and City of San Marcos (LN 2015-009; APN 226-290-01; DIV NO 5).

## 8. MATTERS PERTAINING TO THE ACTIVITIES OF THE SAN DIEGO COUNTY WATER AUTHORITY

See staff report attached hereto.

Director Miller reported that there had not been a meeting of the San Diego County Water Authority (Water Authority) since his last report. He stated that the transition to new Water Authority Board leadership will take place in October with incoming Chair Gary Croucher and Vice Chair Christy Guerin. Mr. Hodgkiss stated that he attended via teleconference a meeting of the Member Agencies Managers where Dan Denham provided an update on the Regional Conveyance System Study. There will be a public meeting in mid- to late-October to review the data related to the Regional Conveyance System Study.

## 9. MEETINGS AND EVENTS

See staff report attached hereto.

Director MacKenzie reported on a webinar she attended regarding new pathways to building water infrastructure, which included a panel discussion with representatives from the banking, engineering, and financing industries.

# 10. ITEMS FOR FUTURE AGENDAS AND/OR PRESS RELEASES

See staff report attached hereto.

It was noted that the District's policies for temporary exchange agreements and temporary service agreements would be presented for the Board's review at a future Board meeting.

## **11. COMMENTS BY DIRECTORS**

None were presented.

### 12. COMMENTS BY GENERAL COUNSEL

Mr. Cosgrove informed the Board about a bill that was recently passed by the California legislature, Senate Bill (SB) 1386. The bill specifies that the fees or charges for property-related water service may include the costs to construct, maintain, repair, or replace fire hydrants as needed and may include the cost of water distributed through fire hydrants. SB 1386 would also authorize the fees or charges for water service related to fire hydrants to be a fixed charge and collected separately, or included in the other water rates and charges fixed and collected by a public agency.

Mr. Cosgrove reported on a case out of Stanislaus County related to the California Environmental Quality Act (CEQA) and its applicability to the issuance of permits. In the case, Stanislaus County's position was that all well permits are ministerial approvals exempt from CEQA; Protect Our Water and Environmental Resources' converse position was that all such permits are discretionary approvals subject to CEQA. The California Supreme Court found that whether Stanislaus County's issuance of the challenged permits is discretionary or ministerial depends on the circumstances, and as such, Stanislaus County may not categorically classify all of these permits as ministerial approvals exempt from CEQA.

## 13. COMMENTS BY GENERAL MANAGER

Mr. Hodgkiss informed the Board that the water level at Lake Henshaw was currently at 5,900 acre feet.

#### 14. ADJOURNMENT

There being no further business to come before the Board, at 10:07 a.m., President Vásquez adjourned the meeting.

Vásquez, Presid

ATTEST:

Lisa R. Soto, Secretary Board of Directors VISTA IRRIGATION DISTRICT

Board of Directors MINUTES 9/16/2020

Board Meeting Date: Prepared By: Reviewed By: Approved By: Agenda Item: 6.A

September 16, 2020 Matt Atteberry Randy Whitmann Brett Hodgkiss

# SUBJECT: GRANT OF RIGHT OF WAY AND QUITCLAIM DEED

<u>RECOMMENDATION</u>: Accept Grant of Right of Way (C139) and approve Quitclaim Deed (682) for the proposed Pala Vista Park consisting of approximately 0.84 gross acres owned by City of Vista, located along the east side of Civic Center Drive and bordering Pala Vista Drive, Vista (D-2356; APN 179-122-16, APN 179-122-17, 179-122-18, 179-122-44, 179-122-46, & 179-122-47; DIV 4).

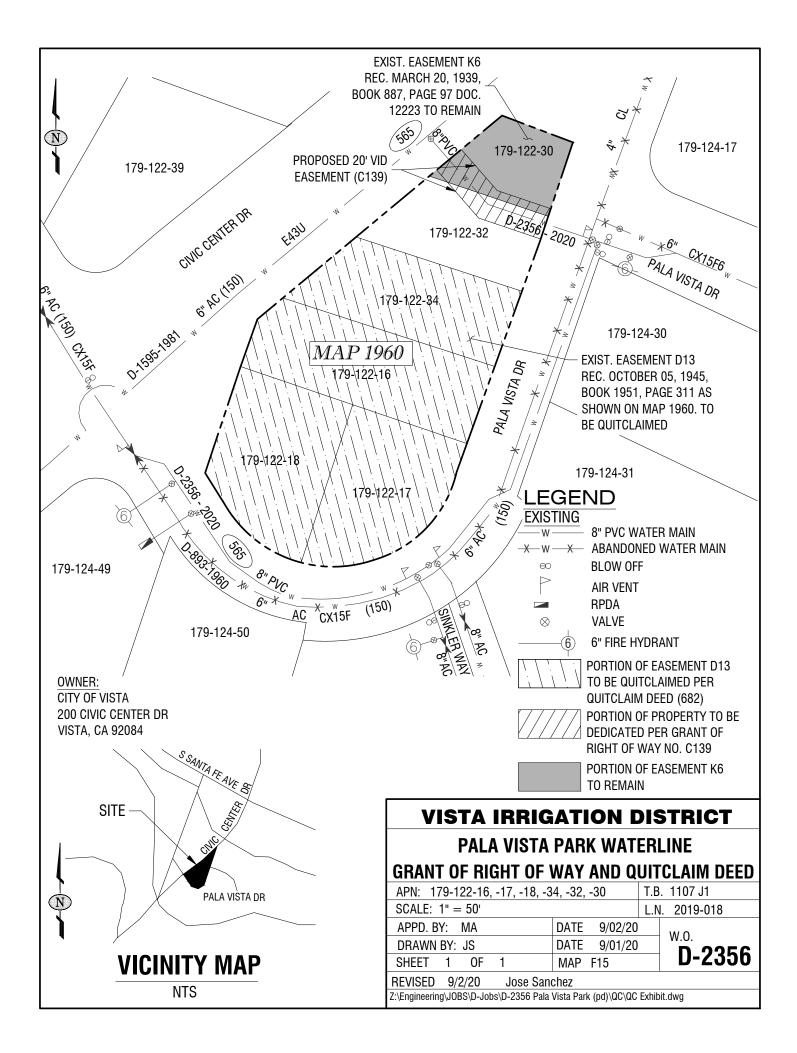

PRIOR BOARD ACTION: None.

FISCAL IMPACT: None.

<u>SUMMARY</u>: Acceptance of Grant of Right of Way (C139) via easement document and approval of Quitclaim Deed (682) will allow the District to secure a dedicated 20-foot specific easement through Pala Vista Park and allow the District to record these documents with the County Recorder.

<u>DETAILED REPORT</u>: The owner, City of Vista, is in the process of constructing a 0.84-acre park located along the east side of Civic Center Drive bordering Pala Vista Drive in Vista. The District recently installed an 8-inch PVC water main across Pala Vista Park that replaced an existing aged 4-inch steel main. The City of Vista has approved the proposed 20-foot specific easement and requests to quitclaim Reserved Easement (D13), which is no longer needed. Approval and acceptance of these items will provide a specific easement for the new water main and will allow the owner to proceed with the park development.

# <u>SUBJECT</u>: GRANT OF RIGHT OF WAY

<u>RECOMMENDATION</u>: Accept Grant of Right of Way (V102) for a specific easement over a 187-lot singlefamily residential development known as San Marcos Highlands, consisting of approximately 45.22 gross acres owned by Diversified Projects Inc., a California corporation, located at the northern end of Las Posas Road, San Marcos (LN 2017-018; APNs 184-240-33, -35, 184-241-06 and -09; DIV NO 5).

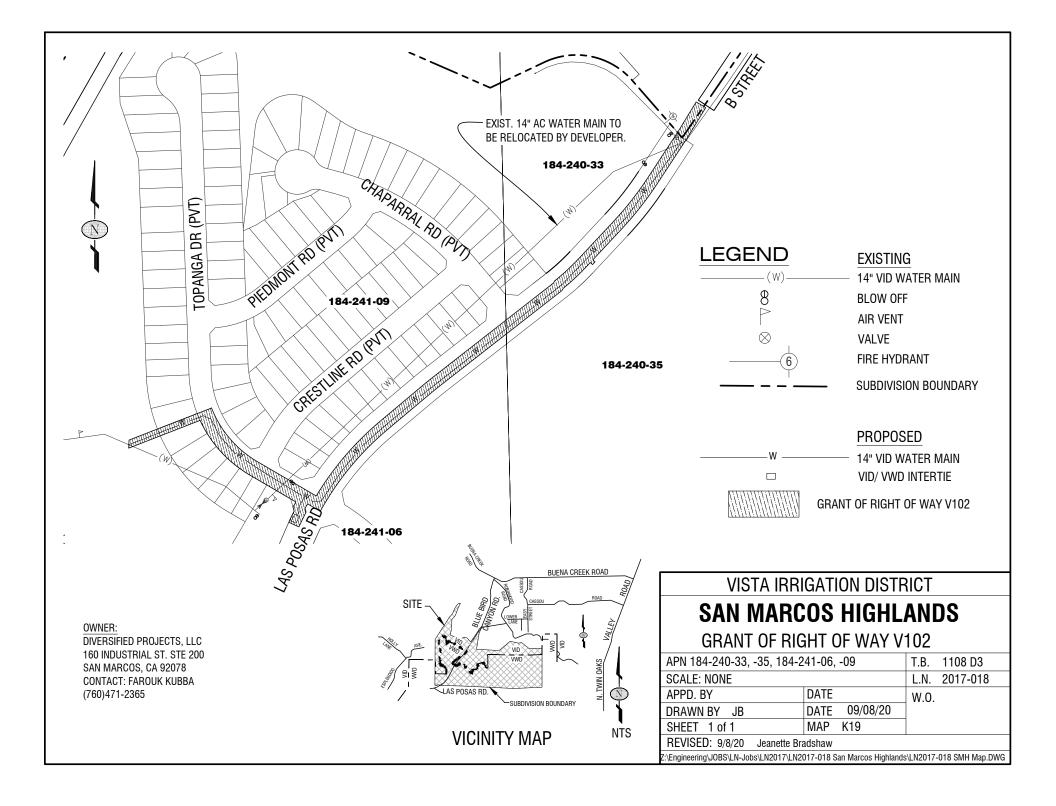

<u>PRIOR BOARD ACTION</u>: On September 18, 2019, the Board adopted Resolution No. 19-27 setting the terms and conditions of detachment for the San Marcos Highlands Reorganization, and on August 19, 2020, adopted Resolution No. 20-23 ordering the final detachment to change Vista Irrigation District boundaries over the project.

# FISCAL IMPACT: None.

<u>SUMMARY</u>: Acceptance of Grant of Right of Way (V102) via easement document will allow the District to secure a dedicated specific easement over District facilities within the project.

<u>DETAILED REPORT</u>: Diversified Projects Inc., a California corporation is in the process of developing a 187-lot single-family residential development consisting of approximately 45.22 gross acres located at the northern end of Las Posas Road. Vallecitos Water District (Vallecitos) will provide water service to the project; however, the District has an existing 14-inch water line through the development that will be relocated. Additionally, a new bi-directional intertie with Vallecitos is required. Acceptance of Grant of Right of Way (V102) will allow the installation of the new water facilities to be within a dedicated specific easement, and the owner to proceed with the development of their project.

**STAFF REPORT** 

Board Meeting Date: Prepared By: Approved By: September 16, 2020 Randy Whitmann Brett Hodgkiss

# SUBJECT: PROPERTY DETACHMENT

<u>RECOMMENDATION</u>: Approve, in concept, the detachment of approximately 3.8 acres for the Nordahl Road single-family residential subdivision located at 1217 Nordahl Road within an unincorporated area between the City of Escondido and City of San Marcos (LN 2015-009; APN 226-290-01; DIV NO 5).

# PRIOR BOARD ACTION: None.

## FISCAL IMPACT: None.

<u>SUMMARY</u>: The proposed Nordahl Road project is a 15-lot single-family residential subdivision located at 1217 Nordahl Road. The 3.8-acre property is within the Vista Irrigation District's (District's or District) "Bennett" service area and within Vallecitos Water District's (Vallecitos's or Vallecitos) sphere of influence. Vallecitos is the intended water service provider for this area.

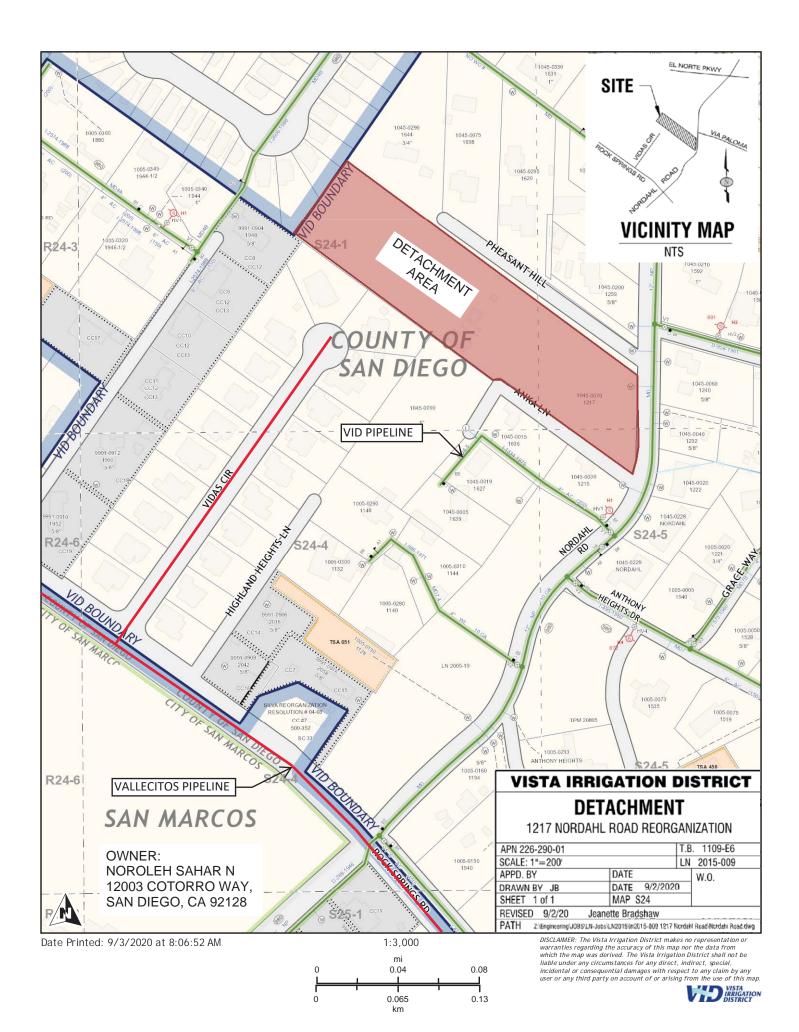

The site currently has a single-family residence that has District water service from a water main that fronts the property; the nearest Vallecitos water main that could provide service to the site is within Rock Springs Road and approximately 1,200 feet away. Although a Vallecitos pipeline extension within Nordahl Road to serve this project is not considered feasible at this time, a future main extension is likely when the vacant parcel to the south develops. To facilitate future Vallecitos service to the Nordahl Road project, the following requirements are proposed:

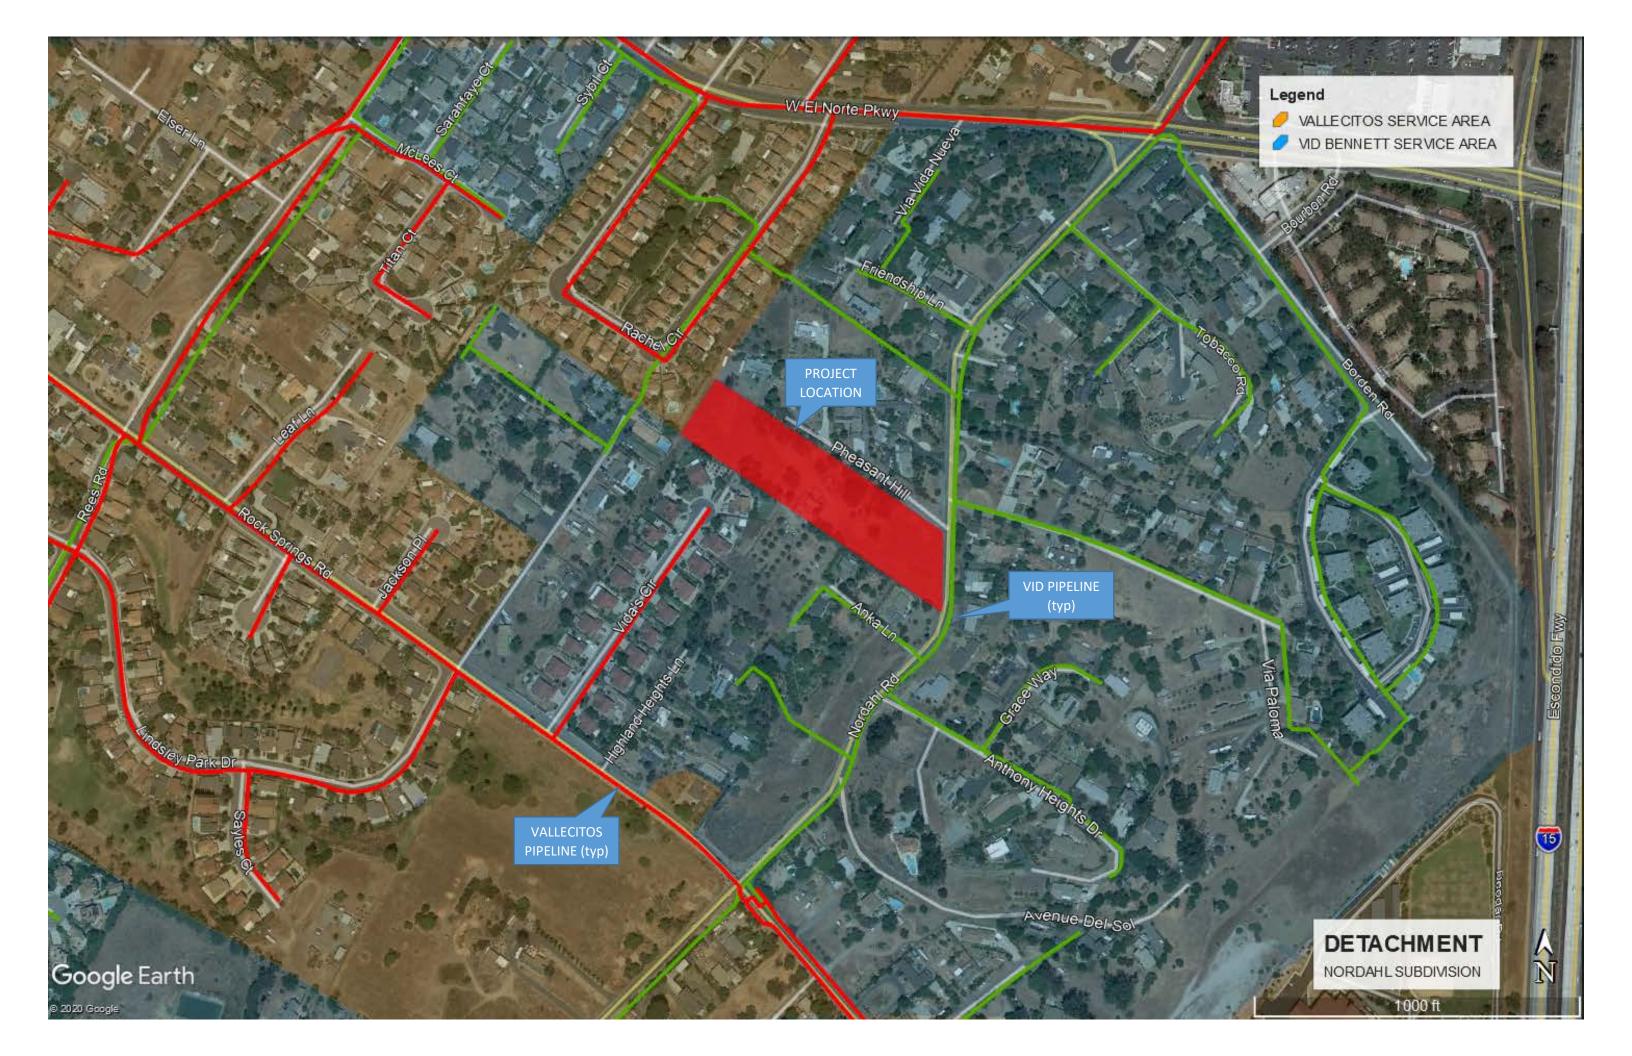

- Detachment from the District and annexation into Vallecitos (annexation to Vallecitos for sewer service is already required).
- Vallecitos pipeline extension into the subdivision that is fed from the District. Vallecitos will own and maintain the new pipeline; the District will feed the Vallecitos water main and meters through a temporary exchange agreement.

<u>DETAILED REPORT</u>: With the District's "Boot" and "Bennett" service areas being within Vallecitos's sphere of influence, new projects in these areas are typically directed to Vallecitos for new water service with the intention of a service area reorganization. However, projects like the Nordahl Road subdivision are more complicated because a Vallecitos water main is not nearby and a full conversion and pipeline extension overburdens the developer. District and Vallecitos staff have worked together to develop the proposed requirements for the project (detachment and Vallecitos pipeline extension), which are preferred over two other options; no service area reorganization and the subdivision/water main extension is a District project, or full water service from Vallecitos by requiring a 1,200-foot pipeline extension to the property.

Staff recommends that the Board approve, in concept, the proposed detachment and water service arrangement for the project (Vallecitos pipeline extension fed by the District through a temporary exchange agreement). With the vacant lot to the south being adjacent to an existing Vallecitos water main, a future pipeline extension and conversion of this project to their system appears likely. Note the San Diego Local Agency Formation Commission (LAFCO) is supportive of these types of proposals as long as each agency is in agreement with the arrangement. Following the owner's formal application for detachment, staff will collect administrative fees and prepare the formal terms and conditions for consideration at a subsequent Board meeting. Reorganization will require formal approval from the District and Vallecitos followed by LAFCO.
