7. FISCAL YEAR 2019 AUDIT

See staff report attached hereto.

Director of Administration Marlene Kelleher introduced Daphne Munoz of White Nelson Diehl Evans LLP (auditors), who presented the results of the audit for the year ended June 30, 2019. Ms. Munoz reviewed the auditors’ opinion and the methods and standards by which the audit was conducted. She stated that the District’s financial statements and best practices were reviewed, and the auditors found no material weaknesses involving the District’s internal control structure or its operation. She noted that the auditors encountered no significant difficulties in performing the audit and that there were no disagreements with management.

Ms. Munoz stated that the auditors made a recommendation to staff regarding a recent increase in fraudulent activity related to fictitious vendors notifying entities, such as the District, of bank information changes for electronic payments. The auditors recommended implementing a system in which any banking information change requests are followed up by District staff before any changes or payments are processed in order to decrease the risk of fraudulent payments to fictitious vendors.
The Board thanked Ms. Munoz for her report. General Manager Brett Hodgkiss and the Board thanked Ms. Kelleher and Finance Supervisor Shallako Goodrick as well as Finance staff for their good work and another clean audit.

**20-01-09**

Upon motion by Director Sanchez, seconded by Director Dorey and unanimously carried (5 ayes: Miller, Dorey, Sanchez, MacKenzie, and Vásquez), the Board of Directors accepted the Fiscal Year 2019 Audit report by White Nelson Diehl Evans LLP.

Ms. Munoz left the meeting at this time.

**8. FINANCIAL REPORT FOR THE YEAR ENDED JUNE 30, 2019**

See staff report attached hereto.

Ms. Kelleher presented the Financial Report for the year ended June 30, 2019. She stated that this report is the same information included in the Comprehensive Annual financial Report, but more detailed, comparing the budget versus actual expenditures. She stated that overall the District experienced a $5.1 million operating gain in Fiscal Year 2019, which is a decrease from the $5.3 million operating gain for the prior fiscal year. Ms. Kelleher noted that the District purchased $21.3 million of water from the San Diego County Water Authority. She reviewed and explained the revenue and expense budget comparison as well as the property revenues and legal expenses.

Director MacKenzie noted that only about half of the small amount budgeted for tuition reimbursement was used. She encouraged staff to promote the tuition reimbursement program and make sure employees know it is available to help. Mr. Hodgkiss stated that employees are made aware of the program by their supervisors and/or managers; however, the level of participation can vary from year to year. The Board thanked Ms. Kelleher for her report.

**9. STUDY OF SOUTHWESTERN WILLOW FLYCATCHER ON DISTRICT LAND**

See staff report attached hereto.

Director of Water Resources Don Smith stated that in 2015 the Board authorized the United States Geological Survey (USGS) to conduct field surveys, nest monitoring, and color banding of southwestern willow flycatchers (SWFL) on District lands. He said that staff has received annual reports on the study from Research Ecologist Barbara Kus, who conducted the study. Mr. Smith commented that the reports had been unremarkable for the first few years; however, in 2018 that changed, when the study area included Lake Henshaw for the first time. Low water levels at Lake Henshaw lead to new riparian growth, which is thought to be the reason several southwestern willow flycatcher habitats were found in the Lake Henshaw area. Mr. Smith said that the report that USGS is preparing for the San Diego Association of Governments (SANDAG) is still pending, but Ms. Kus was in attendance to present preliminary data.

Mr. Kus introduced Project Lead Scarlet Howell, who was in attendance to answer any questions the Board may have regarding the study. Ms. Kus presented the status of the SWFL on District lands and highlights from the study via a PowerPoint presentation (attached hereto as Exhibit A). She stated that the report being prepared for SANDAG will be available for review later in the year.
Ms. Kus presented background regarding the SWFL stating that it was listed as federally endanger in 1995, and its population has continued to decline due to shrinking riparian habitat and brood parasitism by the brown-headed cowbird. She reviewed how the study was conducted, and what type of information was gathered. Ms. Kus noted that the information collected along the upper San Luis Rey River was compared to other populations throughout the rest of the range in an attempt to identify threats and reasons for the population declines. She said that 16 territories of SWFL were located at Lake Henshaw in 2018 and that the number of territories increased to 24 in 2019. She commented that many of the birds found at Lake Henshaw were color banded, which provided researchers with good information about the movement of adults between breeding locations.

Ms. Kus stated that the largest population of the SWFL in Southern California occurs on the Upper San Luis Rey River, and District land supports approximately 56-68 percent of this population. The District population appears to be buffered against steep population declines regionally; however, low productivity remains a concern. She said that the study has demonstrated the compatibility between water management and endangered species conservation, particularly SWFL conservation, since it is a water-associated species.

Ms. Kus thanked the Board for allowing USGS to conduct research on District property, and she looks forward to being able to continue this relationship in order to learn more about how to protect the SWFL species. Ms. Kus stated that USGS would like to seek additional authorization (at a later date) to continue to survey the Lake Henshaw area for the SWFL in order to monitor its population size and distribution.

The Board commented and received clarifications on the information presented from Ms. Kus and Ms. Howell. The Board thanked them both for an enlightening presentation. Ms. Kus and Ms. Howell left the meeting at this time.

10. RESOLUTION HONORING PAST PRESIDENT JO MACKENZIE

See staff report attached hereto.

The Board thanked Director MacKenzie for her services as President of the Board in 2019.

11. MATTERS PERTAINING TO THE ACTIVITIES OF THE SAN DIEGO COUNTY WATER AUTHORITY

See staff report attached hereto.

Director Miller stated that there had not been a meeting of the San Diego County Water Authority (Water Authority) Board of Director since November, and the next meeting was scheduled for the following day. He commented on the status of an offer made by the Metropolitan Water District (MWD) to the Water Authority to settle the ongoing legal dispute between the two agencies, and the counter-offer the Water Authority made to MWD, stating that Water Authority had not received a response from MWD regarding its counter-offer.

Regarding the potential detachment of Fallbrook Public Utilities District and Rainbow Municipal Water District from the Water Authority, Director Miller stated that both agencies have submitted the necessary paperwork to the Local Agencies Formation Commission (LAFCO) and both are awaiting LAFCO’s response.

Mr. Hodgkiss reported that on January 14, 2020, the District was informed by the Water Authority about a leak on treated water pipeline, Pipeline 1 east of North Broadway in Escondido. In order to repair this leak, there will be a 10-day shutdown, February 10-19, 2020.

Mr. Hodgkiss reported on an email he received from Water Authority General Manager Sandi Kerl, announcing some organizational changes at the Water Authority, including Dan Denham being named as Deputy General Manager. The Water Authority will conduct a recruitment to fill its Assistant General Manager position. Director Miller said that he met with Ms. Kerl the previous week, and she expressed her intention to provide more outreach to its member agencies and her desire to make the Water Authority more accessible, supportive and involved with its member agencies.

12. MEETINGS AND EVENTS

See staff report attached hereto.

Director Dorey reported on his attendance at the Sustainable Groundwater Management Act Workshop hosted by the California Department of Water Resources and the State Water Resources Control Board on January 9, 2020 in Clovis, California. The workshop included a review of the evaluation and assessment process for Groundwater Sustainability Plans (GSPs) submitted by Groundwater Sustainability Agencies and the annual reporting requirements and assistance programs to support GSP implementation.

Director MacKenzie said that she was previously approved to attend the City of Vista State of the Community Luncheon on January 27; however, she had to cancel due to a scheduling conflict. Director MacKenzie asked to be put back on the list of approved attendees, as her schedule had cleared for that day. She stated that she was also previously authorized to attend the San Diego Chapter, California Special Districts Association (CSDA) quarterly dinner meeting in Kearny Mesa on February 20; unfortunately, she will not be able to attend. She suggested her fellow Board members consider attending to represent the District. Director Sanchez said that he would check his availability and consider attending if available.

Director MacKenzie reported on her attendance at the recent CSDA Board meeting. She brought copies for the Board of information regarding CSDA Conferences planned for 2020. She also provided the
Board with a list of CSDA accomplishments in 2019. She stated that she also attended a San Diego Chapter CSDA Board meeting in which the Board discussed moving forward with registering with the Internal Revenue Service as a non-profit unincorporated association. The San Diego Chapter CSDA Board also discussed grants for visits to select local special districts available to fourth through eighth grade classes.

President Vásquez reported that he attended the Council of Water Utilities (COWU) meeting the previous morning where Nancy Vogel, Director of the Governor’s Water Portfolio Program at the California Natural Resources Agency, spoke about the Water Resilience Portfolio. He said it was noted in her presentation that the Water Resilience Portfolio does not impose any new mandates but rather seeks to implement conservation as a way of life. The draft Water Resilience Portfolio is currently out for public review with comments due by February 7, 2020. President Vásquez noted that new financial policies for COWU were also presented at this meeting and were voted on and approved by the membership in attendance. The new policies outline COWU’s relationship with its new fiscal sponsor, Labor’s Alliance. Mr. Hodgkiss stated that as COWU Treasurer, he will be tasked with reviewing and providing approval for expenditures and reimbursements, and Labor’s Alliance will issue payments following his approval.

Upon motion by Director Miller, seconded by Director MacKenzie and unanimously carried (5 ayes: Miller, Dorey, Sanchez, MacKenzie, and Vásquez), the Board of Directors authorized Director MacKenzie to attend the City of Vista State of Community Luncheon on January 27, 2020, and Director Dorey to attend the upcoming ACWA Groundwater Committee meeting February 11, 2020 in Sacramento.

13. ITEMS FOR FUTURE AGENDAS AND/OR PRESS RELEASES

See staff report attached hereto.

Mr. Hodgkiss stated that the list of upcoming items for future agendas includes the Water Supply Planning Study. He queried if the Board had a preference for the date on which to hold the workshop covering this topic. The Board discussed their respective schedules and agreed that Wednesday, March 11, 2020 at 9:00 a.m. would be ideal. The Board also discussed the impending June 2020 deadline for renewing its ethics training and requested that staff inquire with General Counsel to see if he or his designee could provide Ethics training for the Board on May 12 or May 14, 2020.

14. COMMENTS BY DIRECTORS

Director Miller said he attended a Water Authority Committee Chairs meeting the previous day at the Water Authority where Nancy Vogel (identified in agenda Item 12 above) and those present discussed alternatives for transporting water from the Imperial Irrigation District to San Diego. The discussion included current plans for the proposed northern alignment, which was originally being planned to pass by Lake Henshaw and end at the Twin Oaks Water Treatment Plant; however, the alignment is now going to go through the mountains via a tunnel and end in Escondido.

15. COMMENTS BY GENERAL MANAGER

Mr. Hodgkiss informed the Board that the water level at Lake Henshaw was at 5,000 acre feet.
16. ADJOURNMENT

There being no further business to come before the Board, at 11:00 a.m., President Vásquez adjourned the meeting.

THE HISTORY OF THE VISTA HALL OF FAME

The Hall of Fame was created over 30 years ago and currently has over 90 members. The Vista Hall of Fame was created in 1989 as part of Vista Heritage Week, to honor significant people and their achievements that have enriched Vista’s vibrant history. Inductions were made in each of the next three years, ceasing in 1992 and starting again in 1995. The Vista Historical Society then received custody of the photographs. In early 1994, upon the completion of the Vista Historical Society Museum, the Historical Society began to display the Hall of Fame members’ photographic portraits in the museum.

Currently there are two divisions of membership, the Regular Division and the Early Residents Division. The qualifications of each division are described below. Each year a member of each division must be elected to the hall. There is no upper limit to the number of new members that can be elected each year.

CRITERIA FOR NOMINATION TO THE HALL OF FAME

Regular Division

Each nominee must have lived a minimum of 20 years in Vista, not necessarily consecutively. This criterion may be waived if it is not considered appropriate. Each nominee must have made significant contributions to the betterment of the community.

Married couples who both meet the criteria may be nominated together as one nominee.

The nominee may be either living or deceased.

Early Residents Division

The criteria is the same as for the Regular Division, and in addition the nominee must have died at least 20 years before the nomination unless waived.

Thomas J. Adams  
1891-1974  
Elected to the Vista Hall of Fame  
Early Residents Division 2016

Thomas J. (T.J.) Adams was the second longest serving member of the Vista Irrigation District (VID) Board of Directors, second only after “Mr. Water” himself, Hans Doe. Mr. Adams served on the VID board for 25 years, from March 1949 to July 1974. It was during his 25-year tenure on the VID board that Vista became incorporated as a City in 1963. The population of Vista grew from 8,300 in 1949 to 39,000 in 1974. Mr. Adams was seated as chair of the VID board of directors in 1954, where he remained chair until he passed away in office in 1974. It was through his leadership that the district was able to accommodate the tremendous population growth with all of the necessary facilities and water rights for the people of Vista.

Adams, a native of Louisville, Ken., had made his home in Vista since 1946, coming here from Pittsburgh, Pa., where he had been U. S. Steel's chief metallurgical engineer for 15 years. Adams had owned an avocado grove on Phillips Street when he first came to this city.

In 1951, as a result of a five-year drought, the level of Lake Henshaw (the primary water source for Vista), virtually dried up, going from 120,000 acre feet to only 200 acre feet. In response, VID dug 31 wells at its Warner Ranch watershed, and began pumping water into Lake Henshaw. The need for water for the people of Vista continued to grow with the increase in population and the district began to eye other sources, but few options were available to such a small agency. In 1954, a special election was held in which the people of Vista voted to join and receive imported water from the San Diego County Water Authority. In 1961, the district built its new headquarters on Connecticut Avenue to combine the field and office operation in one location to better serve the VID customers. During Mr. Adams’ tenure as president of the VID board, to further accommodate the City’s continued growth and demand for water, the district began planning to build a water treatment plant jointly with the City of Escondido. This plant was completed shortly after Mr. Adams’ death and allowed all the residents of Vista to receive fully treated water for the first time.

Howard Amend  
Elected to Vista Hall of Fame  
Regular Division 2012

Howard Amend has been affiliated with Boys’ Clubs since he joined the Pasadena, California, club when he was 7 years old.

Howard has given 42 years of continuing dedication to the Vista Boys’ Club and the Vista Boys & Girls Club, as it was renamed in 1990.

Prior to being hired as director for the Boys’ Club of Vista as of May 1, 1970, he was employed by the Boys’ Club of Pasadena in 1953, with time out for military service, and served as director until he left to come to Vista.

He retired as director of the Vista Boys & Girls Club in January 2002. He currently serves on the board of directors and is chairman of the Vista Boys & Girls Club Foundation, the major funding agency for the Club.

Howard and Anne celebrated their 50th wedding anniversary in March 2012.

Anne retired in 2011 as a school nurse for Lincoln and Rancho Minerva middle schools.

They have three children: Peter, the oldest, and twins Merrill and Sharon.
Carl and Carol met in Kiwanis. They have been very busy in the community through the Kiwanis Club of Sunrise. Carl has been a member for 35 years and served two separate terms as President. Carl was the Kiwanis Division 37 Lt Governor in 2014/15 (over 18 clubs). He had been the Club Advisor for the Vista High Key Club for 10 years, brought back the fireworks to Vista his first term as President, and has served breakfast at Brother Benno's Soup Kitchen. Carl was also Kiwanian of the Year two years in a row with the Kiwanis Club of Sunrise Vista. (2007 and 2008). He was captain of the Kiwanis Club team for several years for the Vista ROC project. The team included club members and Key Club members from Vista High School. Carl was a judge for two years for the Pride of Vista Beauty Pageant. Carl and Carol came up with the idea of a wine and food tasting fundraiser for the Kiwanis Club which has evolved into the Grape Gatsby Affaire. Along with a committee of 15 club members, it grew into a 1920's theme fundraiser which the Club is celebrating its 11th year in April of this year and is the Kiwanis Club's major fundraiser. Carl was also a Cub Scout leader and Boy Scout leader at Beaumont School when his boys were little. He also received Have a Heart 4 Kids Award from the Boys and Girls Club in 2008. He was an Elder at Faith Lutheran Church. Carl and Carol also took part in the 9/11 Commemorative BBQ that is sponsored by Faith Lutheran Church each year. We work with Honor Flight of San Diego to get 4 WWII Veterans to be our guest and to honor them. Carol has been President of the Kiwanis Club of Sunrise Vista for two terms (2011-2013) and has been a member for 13 years. She was Kiwanian of the Year 2006/7 and 2008/9. Carol and Carl received the Have a Heart 4 Kids Award from the Boys and Girls Club 2008. Carol has been active at Faith Lutheran Church in many different capacities for the 45 years she has been a member. Carol was the Den Mother for the Cub Scout sponsored by Faith Lutheran Church when her son was small. Working for Kids is a passion for Carl and Carol. The one closest to our heart is the StandUp for Kids drop in center in Oceanside which serves all the kids of North County. StandUp works to get the kids off the street. Carol was honored as a special donor last year. I was able to get StandUp For Kids Oceanside to be a Kiwanis Division 37 Project. We ask other clubs for sleeping bags, clothing, toiletries, bottled water and food items. Carol has been a long time supporter of the Oceanside chapter of StandUp For Kids. She is an advocate and avid donor. She shines a constant spotlight on our program and the plight of our kids. She is a shoulder to lean on for the volunteers and always brings her support with a huge hug and a smile. She is an angel. We asked Carol how she became involved with StandUp For Kids, here's Carol's story: I originally got involved in Stand Up prior to 2007 because a friend asked me to donate hygiene products for the girls. Then in 2007, I got back to supporting Stand Up because I was better informed of the needs of the Kids. I got my Kiwanis Club of Sunrise Vista involved and our first donation at that time was a pickup truck load of clothes, water, food packs and personal hygiene items for both boys and girls. I have never been homeless, but I can relate to the Kids needing what we take for granted living in a home. My family was poor when I was a child growing up. About 5 years ago, I started a tradition at Christmas time to donate a Ginger Bread House kit for the Kids so they could be doing something fun as if they were in a home environment. My husband, Carl, has been my big supporter. It breaks our heart when we are having bad weather or it is cold, knowing our Kids are out in the weather. In 2008, I asked the Lt Governor for our Kiwanis Division 37 (who oversees 18 Kiwanis club) to make Stand Up For Kids Oceanside a Division Project and it has remained a Divisional Project to date. Our Kiwanis Club donates all the water...I put out pleas for water and my husband, Carl, and I deliver it to Stand Up along with any other items I have collected for the Kids. When the present location needed repairs to the patio where the kids eat their meals, we contacted a friend of ours and he donated materials and labor to make it comfortable. Carl and I were honored to assist another Kiwanis Club in a past Thanksgiving by serving dinner to the Kids.
John Barrett  
1908-1978  
Gene Barrett  
1909-1993  

Elected to the Vista Hall of Fame  
Early Residents Division 2016  

In 1939, John and Gene Barrett and their two children moved to Vista. 

Also in 1939, John Arthur Barrett and Harold Sanborn operated the "Barrett and Sanborn Market" on East Vista Way. Later, they opened a larger market at 306 South Santa Fe Ave. at Eucalyptus Ave. The produce department was operated by Ted Minge; the bakery by Roger MacDonald and his wife, Lois; the liquor department by Bert Balatto. 

In 1942, "Barrett and Sanborn Market" was changed to "Buy and Save" and the business was incorporated. John and his wife, Gene, enlarged the Vista "Buy and Save" and branched out, establishing other "Buy and Save" markets in Fallbrook, Carlsbad, Oceanside, Escondido, Encinitas and other points in San Diego County. Their central warehouse was in San Marcos. Their son, Richard, and their daughter, Barbara, became a very important part of "Buy and Save's" growth. 

Vista was a quiet little town with a beautiful climate and friendly people; a lovely place to raise a family. 

John Barrett was on the school board; Richard played football for Vista High School, and Barbara Barrett was drum majorette for the band. Gene Barrett did her share working for the P.T. A. 

In 1945, John learned to fly an airplane and Gene took lessons. They became the flying Barretts, attending many grocers' conventions, looking for better ways to serve the public with bigger and better "Buy and Save" markets. 

Also, in 1945, their home, El Adobe Casa, was built on what is now East Sunrise Drive. The adobe bricks were made from local soil, molded and dried in the sun. John and Gene designed the adobe, with much of the work done by John and son, Richard. Lupe Lara and Son were the builders. 

In 1962 "Buy and Save" merged with Mayfair Markets. 

"Buy and Save" markets was a family venture for the four Barretts. They all worked, and it was a happy time to be part of Vista. John Arthur Barrett died in 1978 and is buried in Eternal Hills Cemetery. Gene Barrett died in 1993. A memorial bench in Eternal Hills carries the family name.

Ray Betraun  
1923-1991  

Elected to Vista Hall of Fame  
Early Residents Division 2018  

Early Vistans knew that securing a reliable source of water was vital to the growth of their burgeoning agricultural community. Those early pioneers worked tirelessly to ensure their community had water for their crops, their families and for future generations. From forming the Vista Irrigation District (VID) to purchasing Lake Henshaw, community leaders searched for a secure water supply that would meet current and future resource demands. Ray Betraun embodied that community spirit and his contributions to Vista are still felt to this day. 

Ray Betraun was born in Buffalo, New York on Christmas Day in 1923 and he moved with his family to Vista as a young boy in 1929. He grew up in Vista and graduated Class of 1942 from Vista High School. Ray went on to major in Mechanical
Engineering at the University of Texas and then joined the U.S. Navy, proudly serving as part of a submarine fleet in World War II.

After his military service, Ray returned to Vista to build a life. He married Shirley Wilkinson in 1948 and they had two daughters, Vicki and Jana. Ray worked with his father and brothers at the family construction business, A.E. Betraun & Sons Construction Company, building many community buildings in Vista, including the former Vista Irrigation District headquarters located at 202 West Connecticut Avenue. After his father retired, Ray continued the family business as Betraun Construction Company.

Ray valued civic duty. He and Shirley were very active with the Vista Historical Society throughout their lives. Ray was also President and State Director of the Vista Jr. Chamber of Commerce, a Buena Colorado Municipal Water District board member, and a Liberty National Bank board member for 10 years.

Ray was elected to the VID Board of Directors in 1973. He was a VID Director for 18 years, serving as the President of the Board from 1986 to 1991. Ray served on the VID Board during a period of growth and development, overseeing the completion of the Escondido-Vista Water Filtration Plant at Dixon Reservoir in 1976, the relocation of the 20 million gallon Pechstein Reservoir in 1978, upgrades to portions of the Vista Flume during the 1980s and major renovations of the Lake Henshaw dam in 1981. He was also instrumental in preventing Blue Canyon Landfill from being located near Lake Henshaw, thus protecting VID's groundwater supply for many generations. Ray was also a member of "Vistans for Water Committee" and helped Vista navigate through the early years of the 1990's drought.

Ray passed away in May 1991. He will long be remembered for his record of commitment to his community and his public spirited dedication, including safeguarding Vista's local water sources and ensuring a reliable water supply for his community he loved so dearly.

Leon Bone
1874-1962
Elected to Vista Hall of Fame
Early Residents Division 2013

Leon Bone, always known as Judge Bone in Vista, was a man of many talents. In addition to his legal expertise, he was a prolific poet and author.

The Vista Historical Society is fortunate to have the original manuscript of *Day Dreams*, his book of original poems, and several hard copies of his science fiction novel, *Naomi, Daughter of Ruth*, published in 1952.

Born in Vandalia, Illinois, on March 22, 1874, Bone attended Austin College in Effingham, Illinois, for one year and was secretary and vice president of the debating team.

He then taught elementary school for four years and graduated from the Gem City Business College in Quincy, Illinois.

Bone moved on to George Washington University, determined to obtain his law degree, and graduated with the Law Class of 1905.

While there, he served as president of the university’s Needham Debating Society.

The Vista Historical Society’s original copy of the University news magazine, *The University Hatchet*, dated December 21, 1904, congratulates Bone on being a major force on the debate team: “He is a forceful speaker and his earnestness in the presentation of his argument carries convic-
tion with it.” He was described as an “indefatigable worker” at research who made “remarkable strides” in debating while at GWU.

Bone’s given name was Leonie, later shortened to Leon.

Judge Bone was married to his wife, Cora, for 53 years. The couple had two children, Victor and Velma. Several of his descendants still reside in the area.

The United States Federal Bureau of Investigation (FBI) was formed in 1910, and Bone became one of the organization’s first agents the following year. He was closely involved with the investigation and capture of such notorious criminals as John Dillinger, Pretty Boy Floyd and Machine Gun Kelly.

The Historical Society has on display a letter dated November 20, 1936, from J. Edgar Hoover, then head of the FBI, thanking him for his quarter-century of service as a special agent. Bone remained personal friends with Hoover over the ensuing years.

Early in World War II, Bone was called back for duty as a senior investigator for the Army Air Force.

From 1944, until he passed away at his Vista home in June 1962, at age 88, Judge Bone presided over the Vista branch of the Justice Court of California.

Evidence of his popularity was a report in The Vista Press on June 3, 1958, that he was re-elected to the Vista Judicial Court at age 84 with a vote of 2,326; his nearest competitor had 810 votes.

Judge Bone wrote poetry for more than 40 years. The original manuscript of his poetry book, *Day Dreams*, is on exhibit at the Vista Historical Society Museum at Rancho Minerva. It demonstrates the heart and philosophy of the “inner man” that complemented Leon Bone’s legal talents.

Kathy Brombacher  
Elected to Vista Hall of Fame  
Regular Division 2010

Kathy is the founder of Moonlight Stage Productions summer season at the Moonlight Amphitheatre and the winter season at the Avo Playhouse. Since founding the theatre in 1981, she has helmed its artistic vision; today it is recognized as one of San Diego County’s major arts organizations.

The theatre’s artistic successes have been recognized by such organizations as the San Diego Theatre Critics Circle, the Patté Awards for Theatrical Excellence, the Robby Awards, and the Billie Awards. Some of the awards the theatre has received from these organizations include Best Direction, Best Ensemble, Best Choreography, and Best Set Design, among many others.

Under Kathy’s vision, the theatre has nurtured many theatrical artists and administrators who began their careers at the Moonlight and have gone on to work with other major arts organizations and entertainment companies throughout the United States. Having established an artistic base that serves all of San Diego County, Moonlight Stage Productions winter seasons have grown artistically each year with the support of the National Endowment for the Arts, which has provided grants in support of three productions, *Arms and the Man*, *The Most Happy Fella*, and recently the critically acclaimed *Ring Round the Moon*.

Kathy has produced and/or directed more than 150 shows at Moonlight Stage Productions in the last 30 years. She has seen major milestones during her tenure at Moonlight Stage Productions. In 2009, the completion of the new Moonlight Amphitheatre stage house, constructed in just nine months, was a 20-year dream realized by the City of Vista. The City’s renovation of the Avo Playhouse, from a movie theater originally opened in 1948 to a venue hosting the Moonlight’s winter seasons as well as numerous rental events, was another milestone in community support.

As a long-time employee of the City of Vista, Kathy has been recognized as Management Employee of the Year as well as receiving awards and recognition from the California Women in Government for distinguished work; Soroptimists International of Oceanside for work which enhances the community; was named one of the “50 People to Watch” by *North County Magazine*; received the Craig Noel Award for Theatrical Trailblazer by the San Diego Theatre Critics Circle; and the Shiley Lifetime Achievement Award from the Patté Awards for Theatrical Excellence in 2006.

A longtime resident of Vista, she is married to Robert C. Brombacher, D.D.S. She holds a B.A. degree in Theatre Arts from the University of Redlands and an MFA degree in acting, and prior to founding Moonlight Stage Productions was a theatre and music educator in the Vista Unified School District.

Linden R. Burzell  
1924-2008  
Elected to Vista Hall of Fame  
Regular Division 2008

Linden R. Burzell began his career in the water industry as a young Navy Ensign in 1945 when he was assigned to assist the resident officer in charge of administering construction work on the first San Diego Aqueduct.

He joined Vista Irrigation District as its District Engineer in 1946. By 1951, he was general manager and chief engineer. Among the many projects that Burzell brought to completion while at VID was the covering of the original 12 miles of open flume that brought water from Lake Henshaw via Lake Wohlford to Vista. He expanded and improved the infrastructure serving the communities within VID’s boundaries, which were moving from an agricultural base to residential and commercial uses.

In 1964, he left to assume his new position as general manager and chief engineer of the San Diego
Burzell returned to the VID in 1992 as a member of the Board of Directors. He worked at the policy level to maintain VID's high standards. He served as the Board's president in 1996, 2001 and 2006.

Paul had been hired to work at Camp Pendleton, where his engineering and geology degrees and experience in water management and hydrology helped him to rise to become its Director of Natural Resources before retiring in 1988. For a number of years, he worked alongside another well-known Vistan, William “Bill” Taylor.

Paul served as a trustee of the Vista Unified School District (“VUSD”) for many years. While on the board, he championed the construction of the “new” Vista High School on Bobier Drive and led the effort to develop several more elementary schools to meet the VUSD’s growing student population.

Paul always loved to talk about water. He would quote Mark Twain: “Whiskey is for drinking; water is for fighting over.” Paul served on the board of the San Diego County Water District for many years, representing the Marine Corps’ water interests at Camp Pendleton. He was an early promoter of building more water storage facilities for this area. Among Paul’s colleagues on this agency was his friend and another well-known Vistan, Hans Doe. They, and several other of the older water experts, were collectively known as the “water buffaloes”, a term that always made him laugh.

One of Paul’s happiest days occurred when he was appointed, and then elected, to the Board of Directors of the Vista Irrigation District, representing District 1. In addition to covering Northeast Vista and the surrounding county land, he was responsible for Lake Henshaw, the District’s water reservoir. Because of his interest in water storage and conservation, he made sure that the District never tried to sell off this valuable water resource. This has proven to be a wise decision, given the current water shortage throughout California. He served on the board for many years; only his death caused him to vacate his position. It should come as no surprise that one of his fellow directors was his close friend, fellow water buffalo, and another well-known Vistan, Linden “Lyn” Burzell.

Paul was married for over 57 years to his wife and best friend, Dorothy. Both of them loved what used to be the pastures and grove of old Vista, but understood and accepted the many changes that have occurred over the years.

Dorothy was not a traditional “stay-at-home” wife and mother. She first had a taste of the working world during World War II, when she served as secretary to a defense plant manager. By the time she came to Vista, she possessed the skill and experience to be hired by the VUSD to become the first secretary for the newly-built Crestview Elementary School. She spent many happy years at Crestview. She later transferred to Olive Elementary School, from which she retired in 1987.

Dorothy was also active in the Vista community. In the early 1960s, many of the non-certificated staff at the VUSD asked her to help them form a bargaining unit to negotiate the terms of their employment contract. She then founded the Vista chapter of the California School Employees Association, and served as its first president. For many years, Dorothy acted as a firm negotiator with the VUSD’s management. As a result of her efforts, many of her fellow Vistans received better wages and terms of employment.

During her years with the VUSD, many parents and teachers came to know and love her. Most important to Dorothy, however, were the children who attended “her” elementary schools. She always kept her own money in her desk to loan to students who had forgotten their lunch money. For many years prior to government subsidies, she gave away lunch money to students whose families couldn’t afford to make or buy them lunch. Years later, when one of those students whom she had helped previously bought lunch for her, she cried.
Daniel Bennett Carr
1939-2010
Elected to the Vista Hall of Fame
Regular Division 2016

Daniel Bennett Carr was born in 1939, in San Diego. His father worked in the Foreign Service so he was raised primarily in Latin America before moving to Chula Vista at the age of 16. At this young age, he worked at Bearing Engineering in San Diego in order to help provide financial support for his family.

Daniel married Sue Ann Crabbe on May 16, 1959 in Chula Vista.

He was a resident of Vista for forty years. He moved his family to Vista from Chula Vista in 1962 and resided in the community until 2002.

He was an honorable and successful business owner of Carr’s City Auto Parts, established in 1962. He later purchased Vista Auto Parts and established North County Warehouse in the City of Vista.

Carr’s City Auto Parts was one of the first parts stores to offer delivery service to auto repair shops, gasoline stations, and many other establishments such as Golden Arrow Dairy and Mc Mahan’s Furniture Store, who both had their own small fleet of delivery trucks, as well as Prohoroff’s Poultry Farm. He would often get up in the middle of the night to help a customer with a broken down vehicle so that they could continue on their deliveries and/or travels as needed.

Carr’s City Auto Parts started at 341 N. Santa Fe Avenue. He then built a new and bigger store with a machine shop at 223 W. Vista Way. When the business outgrew that store he purchased the old Safeway Store/Drew's Appliance Center at 420 S. Santa Fe Avenue and moved it there where it continued to grow. It was here that he established North County Warehouse.

In the late 1960's or early 1970's, he also bought Vista Auto Parts. He built a new and larger building on East Vista Way with a machine shop for this business as well. He later sold Vista Auto Parts to Mr. Henry Boothman, a machinist who had worked for him for many years.

Daniel B. Carr, was an active member of Vista’s Optimist Club serving as president from 1965 - 1966.

He was an effective and respected Planning Commissioner, serving the City of Vista in this role from 1970 - 1978.

In 1978, he was elected to Vista’s City Council with the help and support of many other community members such as John M. Cosh, Terry Hensley, Frank Tiesen, Betty Minor, Orbee Mihalek, Ken Annin and Gil Duran, who were all members of his election committee.

During his term on the City Council from 1978-1982 he served as mayor of Vista from 1981-1982 and served his time in office with distinction.

He was one of the original founders of the Moonlight Amphitheatre in Brengle Terrace Park, successfully heading up the committee to get the original grading done by Mr. Carl Pinamonti.

He was an avid hunter and tennis player. He was a pilot and enjoyed flying his own airplane.

He never aspired to be a politician. However, because he chose to raise his family and start his business career in the city of Vista, he believed that he had a duty to work for the betterment of the city that gave us so much. He knew he could do good work in the political arena of the city. He was extremely grateful for all the opportunities Vista had provided for us and was honored to serve his beloved "City of Vista" in anyway that he was able.
In 1975 the Thibodo family offered to annex approximately 900 acres to Vista, now known as Shadowridge. Brooks began processing the annexation but left the city in 1976 to work for CM Engineering, the lead engineering firm for the annexation.

In 1978, Brooks as a member of the Vista Chamber of Commerce Action Committee proposed annexation of an additional 1,200 acres south of Shadowridge. The city consented and 15 major property owners supported the annexation and rezone to a Research Light Industrial Park now known as the Vista Business Park.

In 1976 The County Land Use Council was formed with the purpose of protecting private property rights. Brooks became its first executive director.

In 1980 Brooks established Land Planning Consultants to assist property owners in development studies and governmental processing. This local Vista business has been in operation almost 40 years.

Brooks was instrumental in the formation of the South Vista Business Park improvement district in 1986. The district purpose was the building of necessary infrastructure including roads and utilities. Sycamore Road, Business Park Dr, and Poinsettia are just a few of those roads. The owners invested over 8 million dollars and was completed in 1988. For the next 20 years, Brooks consulted with over 30 owners providing development plans for use of their business park land.

Brooks and Attorney David Larkin along with the assistance of several other local Vistans formed The Vista Conservancy in early 2000. The Vista Conservancy mission is to preserve environmentally sensitive lands. Along with the City of Vista, today you can walk from the Rancho Vista Adobe to Brengle Terrace Park. Brooks was instrumental in its formation and is still actively involved.

Brooks also chaired the 1996 downtown Vista citizen's planning committee which provided direction for the Vista Village Plan. In 2008 Brooks served on the city redevelopment planning and development committee helping to identify areas such as South Santa Fe needing economic stimulation for redevelopment. Since 2006 Brooks has consulted to the Vista Fire Protection District. He has assisted the district in creating 6 North Vista emergency evacuation roads.

Brooks and his first wife Joan raised 3 children in Vista, Christa, Jolean and Daniel. There are now 13 grandchildren and 2 great grandchildren. Today, Brooks and Stephanie continue to work and live in Vista and enjoy the grandchildren!

A native of Iowa, Oliver Clark and his wife, Helen, came to Vista in 1941. He started Clark's Floor Coverings, Inc. in 1946.

He served 22 years on the Vista Irrigation District board of directors. He also was a director of the Vista Chamber of Commerce for many years and holder of four Chamber awards—in 1956, 1958, 1963 and 1966. Clark was a charter member of the Kiwanis Club of Vista and served as president in 1953. He was a Chancellor Commander, Knights of Pythias Themis 146, Escondido. He served as president of the San Diego Floor Covering Association (two terms), and he was elected to the Hall of Fame of the Floor Covering Association in 1976.

He was also a director of Chartered Bank of London, California Division, from 1964 to 1980. He was a member of the Vista Historical Society and several other organizations. He and his wife had three children: Carol Anne, Oliver R. Clark Jr., and Alan Lee Clark.

Frank Bernard Delpy
1896-1948
Elected to Vista Hall of Fame
Early Residents Division 2009

Frank Delpy was born January 26, 1896, at the Vista Delpy Ranch, the second son of Jules J. and Maria Delpy. He lived in Vista all of his life. He attended Vista schools and graduated from Oceanside High. There was no high school in Vista at the time. He married Elena Rose Itzaina (nee Helen Itzaina), daughter of Jean Baptiste and Maria Itzaina, on December 7, 1919. He had two children, Jacqueline and Frank Junior.

He was the first Vista Irrigation District Assessor, Tax Collector and Treasurer, an elected position that he held until his death at the office on June 8, 1948. A World War I veteran, he was a member of the B.P.O.E., Chamber of Commerce, and the American Legion.

During his tenure at the Vista Irrigation District, with his leadership and assistance the district was able to create, improve and assure the area water supply, thus
enabling the agricultural industry to thrive in Vista.

Hans Doe was born in Norway. His family moved to Canada in 1910. He attended the University of California at Berkeley, studying engineering, and became a United States citizen in 1927.

Doe and his wife, Margaret, made their home in Milwaukee until 1946, when they visited Margaret's parents in Vista. They promptly moved to Vista and owned and operated an avocado and macadamia nut ranch.

He was elected to the Vista Irrigation District board of directors in 1951 and later to the board of the Bueno Colorado Water District. Known as “Mr. Water,” he served on the most influential boards and committees in the California water industry, including the San Diego County Water Authority and the Metropolitan Water District of Southern California, from 1956-1988. He was the only person to serve two terms (four years) as president of the Association of California Water Agencies.

His many statewide accomplishments included appointment to two terms on the State Soil Conservation Commission under Governor Goodwin J. Knight, president of the Resource Conservation Districts Association and chairman of the Southern California Water Conference for ten years. As one of the organizers of the Agua Buena Soil Conservation District, Doe helped promote and build the flood control channel that protects Vista against periodic flooding.

The Delpy family first arrived in Vista in 1873. Bernard Delpy started a successful winery in the area later known as Delpy's Corners. His nephew, Jules Jacques Delpy, arrived from Southern France in 1879 to help work in the winery.

In 1894, Jules married Maria, also from Southern France, in Los Angeles. They arrived in Vista a few days later.

The Delpys had many "firsts" in Vista: the first car, the first phonograph and one of the earliest schools. Travelers often stayed at the Delpy home since no hotels existed in Vista at the time. Jules and Maria were successful farmers and were influential in the development of early Vista, including the formation of the Vista School District and the Vista Irrigation District.

Harrison and Ruth Doyle purchased property in Vista in 1940 and served the community in many ways for over 55 years. Harrison Doyle, a well known author, was the co-founder of the Vista Ranchos Historical Society, the mayor of Vista 1966-68, president of the board of governors of Palomar College, and charter
director of the Agua Buena Soil Conservation District, which brought the flood control channel to Vista. Along with his wife Ruth, he wrote the “History of Vista” in 1983.

In 1960, he received the “Citizen of the Year” award. He also was responsible for a school and addition to an orphanage in Mexico. He founded Vista High School Panther Boosters Club and the Palomar College Boosters Club. He was appointed to committees by both the Vista City Council and the Board of Supervisors.

Paul and Diane Eckert
Diane 1933-1918
Elected to Vista Hall of Fame
Regular Division 2014
Very few people can say they know Vista as well as Diane and Paul Eckert know Vista. Diane’s parents, Robert and Myrna Elsinger, had been residents of Vista since before she was born, and in 1950, Paul’s parents settled here while Paul stayed with an uncle in Lawndale, CA, to finish high school. After Paul graduated high school he relocated to join his parents. Together
they started Eckert & Son’s Moving & Storage located at 621 S Santa Fe Ave, Vista, CA, in May of 1953.

Diane, maiden name Elsinger, finished high school in Vista and went off to Stephens College in Missouri. Upon her return after graduation in June of 1954, she attended the Vistacado Fair where she and Paul met for the first time.

Vista was a small, yet close knit community with about 8,500 people. Now, decades later, the population in this town has grown to over 120,000!

"I loved it so much when Vista was a little town, you knew everyone," Diane recalls. Paul says, "We used to do all kinds of things, including the last Vistacado Fair." He also remembers putting up all of the Christmas decorations in downtown Vista, sponsoring a book drive for the branch library, and coloring 1500 eggs for the egg hunt.

Paul and Diane went on to have 2 children, Robert and Paula, who grew up to have professions and families of their own, including 6 wonderful grandchildren and now 5 great-grandchildren for Paul and Diane. Robert and Paula eventually decided to join Paul in running the moving business and continue to work in the office keeping it a family run operation.

Paul's public service career began with the Vista Junior Chamber of Commerce, and Diane joined the Jaycees' wives' group. They both became actively involved with the local Elks Club and with the Boys & Girls Club, formerly known as the Boys Club. Paul was involved in the San Marcos Rotary Club as well.

Together over the course of 6 months, Paul & Diane campaigned for Paul's election to the County Board of Supervisors in 1978, where he went on to serve 8 years.

Paul remembers one of the highlights of that time "Diane and I were invited to have cocktails with Queen Elizabeth and Prince Phillip on their yacht in the San Diego Harbor!"

He also recalls a personal invitation, along with 200 others, including then San Diego Mayor Bill Cleator, to the White House during the Ronald Reagan administration and having coffee and rolls in the East Room. "You've gotta be impressed," he exclaimed.

Looking back, Paul is proud to say he was involved with the county's "Workfare", a work-for-welfare program instituted in San Diego at the time, but is still being utilized in some areas today.

After serving on the County Board of Supervisors, he returned to be involved in the Vista community. Diane was president of the Vista Historical Society from 2003 to 2009 and quickly put Paul to work.

Paul negotiated with the City of Vista to get the Rancho Minerva house for the Historical Society and went to work refurbishing it. The previous owners, the Huntalas's, have since formally made Paul an honorary member of the Huntalas family.

Paul was president of the Vista Historical Society when they opened the museum in Rancho Minerva in 2009.

More recently, Paul has been involved with a Christian healing center at Branches of the Cross Anglican Church in Vista, saying, "It will be a tremendous asset to the community." He has also continued to help the Boys & Girls Club, being responsible for building its new kitchen, dining room, teen room, and several offices. He hopes that by July he will have an elevator installed to serve the second floor of the building that houses this beneficial youth program.

Paul and Diane Eckert would like to extend their sincerest gratitude to the society and those involved for selecting them to receive this honor.

John A. Frazier
1832-1899
Elected to Vista Hall of Fame
Early Residents Division 2007

John Frazier was born in Rhode Island. He went to sea with his uncle at the age of thirteen.

In 1881, he and his wife and six children moved to Carlsbad, where he was one of those instrumental in founding what became the Carlsbad Spa. Sometime in 1882, he moved to Vista at least part-time. He lived on what is now Vista Village Drive, west of Santa Fe Avenue.

He applied for a post office in September 1882. At that time, the closest post offices were in Encinitas or by San Luis Rey Mission in a town named San Luis Rey. Creation of a post office at that time named the area, so
he applied for Frazier's Crossing as the name for the community. That name was rejected as there already was a Frazier in California. The name Buena Vista was also rejected. Vista was the name finally permitted and Mr. Frazier became the first postmaster in October 1882. He held the post until November 1886.

THE MOST IMPORTANT DAY IN VISTA HISTORY
FEBRUARY 27, 1926

In the last part of the 19th century and the first half of the 20th century, the main business in Southern California, and certainly in North San Diego County, was agriculture. Successful agriculture requires abundant water especially for the preferred crops of the time which were groves or vineyards. Without sufficient water farmers were limited to more hardy crops such as grains. Water was always on everybody’s mind. Negotiations for water went on endlessly. The importance can be seen in the area paper of the time, “The Oceanside Blade”, where the main headline in the paper that reported the United States entry into World War I was about water negotiations.

There were also people that made their living providing water. One of these was William Henshaw, the owner of Warner Ranch. After World War I when Vista was trying to develop an agricultural base and running out of water, he was able to provide the water from the reservoir known as Lake Henshaw. According to the website of the Vista Irrigation District, completion of the Henshaw Dam in 1923 made a reliable source of water possible.

An election was held on August 28, 1923 to create the Vista irrigation District. Again according to the website one hundred percent of the eligible voters voted and the measure passed 104 to 4. After construction of the required infrastructure, a ceremony was held in downtown Vista on February 27, 1926 to turn on the water from Lake Henshaw. Reliable water quickly allowed Vista to become the “Avocado Capital of the World”. Vista became so well-known for avocados that Vista floats with an avocado theme appeared in the Rose Parade in 1928 and 1932. Vista continued to grow with a mainly agricultural base until after World War II when population growth caused the conversion of agricultural land to housing.

THE HISTORY OF THE VISTA HALL OF FAME

The Hall of Fame was created over 30 years ago and currently has over 90 members. The Vista Hall of Fame was created in 1989 as part of Vista Heritage Week, to honor significant people and their achievements that have enriched Vista’s vibrant history. Inductions were made in each of the next three years, ceasing in 1992 and starting again in 1995. The Vista Historical Society then received custody of the photographs.

In early 1994, upon the completion of the Vista Historical Society Museum, the Historical Society began to display the Hall of Fame members’ photographic portraits in the museum.

Currently there are two divisions of membership, the Regular Division and the Early Residents Division. The qualifications of each division are described below. Each year a member of each division must be elected to the hall. There is no upper limit to the number of new members that can be elected each year.

CRITERIA FOR NOMINATION TO THE HALL OF FAME

Regular Division

Each nominee must have lived a minimum of 20 years in Vista, not necessarily consecutively. This criterion may be waived if it is not considered appropriate.

Each nominee must have made significant contributions to the betterment of the community.

Married couples who both meet the criteria may be nominated together as one nominee.

The nominee may be either living or deceased.

Early Residents Division

The criteria is the same as for the Regular Division, and in addition the nominee must have died at least 20 years before the nomination unless waived.

of Los Angeles, and Frank, an accomplished pianist and manager of the Southern California Music Company.

After being in the mining business in Mexico, E.G. Hart went into land development in Southern California.

Mr. Hart was the leading developer of California’s expansive avocado industry. His avocado and citrus fruit developments had a large part in creating La Habra Heights, Vista, and North Whittier Heights. The city of San Marino, near Pasadena, and its school system were organized many years ago, largely due to Mr. Hart's vision and perseverance.

His first avocado growing experiments were carried on at San Marino after which he developed 1700 acres and the first hillside terraced orchards at North Whittier Heights. Then 3600 acres were developed at La Habra Heights and some 2200 at Vista.

Water and road system developments were followed by plantings. Mr. Hart had also developed probably the largest collection of hibiscus in the State. He was a past president of the Los Angeles Realty Board, first president of the California Avocado Association and an organizer of the Calavo Growers of California. He was also a Los Angeles Chamber of Commerce leader and interested in the welfare of many agricultural industries.

He was killed when he was struck down by an automobile on East Olympic Boulevard in Los Angeles, on Dec. 6, 1939. At the inquest, the fatal car's driver was exonerated after the widow had asked that he be absolved of blame due to the glaring lights of many cars and to the fact that the new boulevard had not been lined off as yet.

Charles Hausladen was born in Minnesota. He came to Fresno, California, as a young man and worked in the grape vineyards around Fresno and Delano. He, his wife Mildred and family came to Vista in 1927, where he first worked for Phillips-Hambaugh Company, one of Vista's early developers, who laid out some of our first streets. Phillips Street and Hambaugh Way are named for these two partners. Over the years, Charles Hausladen was known as the man who built many of Vista's streets.

At the time the Hausladen family arrived here, there were about 350 people in Vista. There was a general store, a post office and a hardware store.

In the late 1920s, Hausladen bought a monoplane and used it and another leased plane to get around in his work. He managed the Chicago Tribune's large avocado planting on "Tribune Hill" near Pechstein Dam for several years. He helped form the Vista Volunteer Fire Department shortly after arriving here. He held the office of president of the Rotary Club in 1951; was a member of the Vista Unified School District Board of Trustees; became president of the board of directors of Bueno Colorado Municipal Water District in January 1958; and in February 1958 was named superintendent of the Carlsbad Municipal Water District. An enthusiastic supporter of his community, he used his construction equipment to level and work the ground for the construction of the Vista Recreation Center in 1940. He also prepared the surfaces for track meets at the schools and for ball games at the Recreation Center.

He was known throughout the area as a civic-minded and dependable citizen. He was called on to fill many varied positions, all of them serving to make our area a better place in which to live.

Mr. and Mrs. Hausladen were Honorary Life Members of Vista Historical Society, Inc. They were the parents of four children.

Bill Huntala was born in 1917 in Tehachapi, CA to Nick and Bessie Huntala. Nick Huntala had purchased the land around the current Rancho Minerva ranch in Vista, CA, in 1911 but at the time of Bill's birth he was still working as a railroad laborer in the Tehachapi area. Later in 1917 Nick, Bessie and their young son, Bill, moved to Vista to begin their life on Rancho Minerva.

Bill grew up in the family’s original farmhouse alongside Foothill Drive in Vista and attended the first schools established in the Oceanside area. As a teenager, Bill helped his father make the adobe bricks that were used to construct the current Rancho Minerva Adobe residence. He also designed and built the large water fountain structure behind the adobe.

As a high school student, Bill excelled in track and field events winning the Southern California CIF high school 100 yard dash championship with a then record time of 9.8 seconds. This record set in 1937 stood for over ten years.

Bill then attended the University of California at Berkeley graduating with a B.S. degree in engineering, specializing in metallurgy. He was hired directly out of college in 1942 along with most of his
graduating engineering class by the Alcoa Aluminum Company to support the war effort. After five years at Alcoa Bill founded his own company, Felton Aluminum Company based in Felton, California. He later moved his company to Santa Clara, CA where he built a large aluminum foundry specializing in sand cast aluminum products for irrigation systems, defense products and other consumer goods. Felton Aluminum became known as a world leader in specialty aluminum products with customers spanning across the globe. Bill was recognized throughout the industry as a specialist in the design and manufacturing of aluminum cast products. He served as President of Felton Aluminum for more than forty five years. Bill died on March 29, 1998 at the age of 80.

Nicholas “Nick” Huntalas
1884-1980
Bessie Huntalas
1896-1992
Elected to Vista Hall of Fame
Early Residents Division 2011

Nick Huntalas emigrated from the village of Kadilla, Greece, to the United States in 1902. He traveled as far west as he could and ended up in Chico, a little village north of San Francisco. He remembered arriving very hungry and walking up to an orange packing house. He asked the workers for some oranges to eat, but they turned him away. Behind the building he found a pile of discarded fruit and gorged himself. He survived on oranges for a week. At this point, he was very grateful for his luck and mused that someday he would grow lots of oranges.

His first job was as a laborer for the Southern Pacific Railroad in Bakersfield. With the help of a friend named Frank Barkholder, Nick learned English and advanced at his job.

In 1911, a group of Nicholas's friends got together to form the Greek American Land Company. Huntalas became the vice president. They pooled what little money they had saved to invest in land. With this money, they went to a real estate broker from Los Angeles who drove them down to Vista, where they bought 420 acres of land. They leased the land to local ranchers, who used it to graze their cattle. Nick believed that Vista was the best place in California. So when one by one the other investors
sold their portion of the acreage, he bought most of it.

In 1916, Huntalas decided to get married. As was common for Greeks, he made plans to go back to Greece to find a bride. He had been writing to a cousin he had never met in Patterson, New Jersey. She asked him, on his way to Greece, to stop by and visit her as well as meet a friend. When Nick met the friend, whose name was Bessie, they fell in love. In three days they were married and heading back to California.

Nicholas still worked for the railroad in Bakersfield, but after a year decided to quit and farm his land in Vista.

Living in Vista in 1917 meant a life of isolation and little if any modern comforts. Nicholas built a four-room house, which didn't include the luxury of electricity, plumbing or running water.

At the time, Nicholas was limited to dry-farming. He grew barley and oats when the weather was wet enough. But this crop was not very profitable. Back then, the weather was very dry. Dry-farming was the principal business, as the area’s severe water shortage prohibited any extensive irrigation. By 1923, the water problem was acute.

Huntalas's water came from a deep well on his property, but he still needed additional water in order to be able to grow more profitable crops.

In 1923, Nicholas Huntalas was among the first signers of the Vista Irrigation District Water Plan for Vista. The water would come from the recently completed reservoir at Lake Henshaw about 40 miles away, owned by the San Diego Water Company.

The Vista Irrigation District was formed, and irrigation water became available in 1926.

For the Huntalas family, which now consisted of three children as well as Nick and Bessie, the availability of water made a great change in their livelihood.

With the increased supply of water, Nicholas Huntalas began to grow vegetables and plant trees. In about 1928, a new product came alive: the avocado.

Receptive to new ideas and challenges, he started his own nursery from seedlings. In 1933, Nicholas Huntalas had over 5,000 trees, including avocados, oranges, lemons and grapefruit. Nick assisted universities with the development of the tangelo and an avocado strain resistant to root rot.

While the country was in the Great Depression, the Huntalas’ continued to thrive. They had a new home, Rancho Minerva, which was built in 1933. The adobe house, complete with full basement, was ready to move into in May, 1934. For the first time, the family enjoyed indoor plumbing, with hot and cold running water, an electric stove and refrigerator and even a chandelier in the living room.

Nick Huntalas and his wife, Bessie, remained at the ranch until their deaths.

Later, the remaining land was taken for a school that opened in 2007. The historic home is now the Vista Historical Society Museum.

She’s always volunteering and working in the community and setting up new events and projects to make others’ lives more productive and comfortable. She is active, positive, and an asset to the community.

Charlotte “Cleo” Morgan
1892-1972
Elected to Vista Hall of Fame
Early Residents Division 2015
From “The Vista Press” February 2, 1972
Vista today mourns the death of a woman who loved her community and in turn was loved by all its citizens.

Charlotte “Cleo” Morgan, whose life was concerned with beauty, died Sunday at Tri-City Hospital. Vista city officials, saddened by her death, praised the quality of her life.

“Vista has lost a true friend and faithful citizen... one who never talked about what should be done, but one who got in and did it. It will be hard to part with someone like this who has given so much of herself to so many people” said Mayor Orbee Mihalek.

Mrs. Morgan, who lived with her husband, Jack, at 164 Walker Way, was interested in the beautification of Vista, the development of a park system, and in upgrading in any way the appearance of our city.

“I have enjoyed a long friendship with Cleo and Jack, one that from the very beginning was full of respect and admiration. Respect for her as a competent businesswoman, and admiration for her beautiful attitude towards life and her fellow man. Surely, heaven will glow with her presence,” said Vice-Mayor Kenneth Annin.

Friends may pay their last respects to Mrs. Morgan today from 9 AM to 9 PM at the Vista Chapel Mortuary.

Graveside family services will be held Thursday, at 11 AM at Valhalla Memorial Park in North Hollywood.

“The passing of Cleo Morgan is without a doubt a great loss to our community. Her achievements are examples of a truly outstanding citizen – one who not only dedicated her time and energy to the beautification of our...
city, but who was firm in her belief that Vista is truly ‘the most beautiful place to live’. Her expression of such conviction was evident by the work she alone performed and projects of beautification which she initiated. Her loss will be felt throughout the community,” said Councilman Troy Doan.

Mrs. Morgan is also survived by sons, Upton Smith of Long Beach; Malloy Souberg, of Glendale; a daughter, Mrs. La Vanda Tilt, of Escondido; and 13 grandchildren and 24 great-grandchildren.

“She has been a forerunner in community life. She had an appreciation for Vista that few people had. Vista will miss her greatly,” said Councilman Noble Tanner.

Mrs. Morgan was president of the Vista Garden Club for two terms. She was a member of the Woman’s Club of Vista; a member of the Second Horizon Club; the Grandmothers’ Club; an active force in the Vista Beautiful Committee; a member of the chamber of commerce; a former Grange member; a former member of the Rebekahs; a member of the Palomar Cactus Association and a member of the California Cactus Grower Association.

“We have lost a very dedicated citizen who always strove for the betterment of Vista,” said Councilman Stanley Matush.

Philip Ferguson, chairman of Vista Beautiful, said: “Without a doubt she’s contributed as much or more than anyone else to the actual beautification of Vista. Both Vista Beautiful and Vista are better because of her efforts.”

Vista now – though in morning – is not somber, but wears like a garment the beauty of her efforts.

Joe Mottino was born in 1915 in Moorpark, California. His future wife, Mary Borra, was born in 1916 in Los Angeles, California. Both families relocated to North San Diego County, the Mottino family to Vista, the Borra family to Escondido. The Mottino were farmers and the Borras opened the Borra Winery.

Joe and Mary married in 1941 and lived in Vista. They had one daughter, Felinda. In 1944, they purchased a large tract of land in what is today eastern Oceanside. There they ran a successful farming operation for many years. They also owned and operated the Borra Winery. Most of the land they farmed has since been developed as housing and commercial businesses.

The Mottino family is well-known for participation in many local organizations and for their many philanthropic endeavors. The Joe and Mary Mottino Family YMCA, built after Joe’s death, is perhaps their largest donation. Joe died in 1997 and Mary in 2010.

Charles H. Mull Sr. was an early-day Vista Irrigation District engineer-manager. He also was prominent in real estate development. He developed Mull Estates, which today covers most of Anza Avenue and surrounding streets. The old Mull home was razed in 1982 to make way for an extensive subdivision.

He was the first chairman of Vista Community Association in 1938 and was active in the building of the Vista Recreation Center on Recreation Drive.

He became Vista Irrigation District engineer in December 1936, succeeding Charles H. Bell, and later was engineer-manager. Mull died in February 1945.
Miriam Alice Small Nichols  
1922-2012  
Elected to Vista Hall of Fame  
Regular Division 2019

Miriam Alice Small Nichols was married to Emil D. Nichols and had four sons: Paul, Patrick, Philip, and David. They retired to Vista in 1970. Miriam was an avid volunteer and environmentalist her whole life, offering her time and talents to promote environment and community events.

Miriam’s primary outlet for volunteer efforts was the General Federation of Woman's Clubs. She joined the Woman's Club of Vista in 1972.

In 1980 The Woman's Club, Miriam and David’s Boy Scout troop began the first glass curbside recycling service for Vista - also the first curbside recycling program in San Diego County.

"At first we collected newspapers in a big piano box under a tree at the clubhouse," Miriam shared. When the box was full, she loaded her Volkswagen bus with the papers and took them for recycling. Then the club received a grant from the California Department of Conservation for a truck to use in curbside pickup of newspapers and plastic soda bottles. Miriam created a "Hazardous Household Waste" pamphlet, printed and distributed to over 25,000 residents.

During November 1991 Miriam presented her recycling program to delegates from 70 nations attending the Global Assembly of Women and the Environment: Partners in Life, sponsored by the United Nations Environmental Program. Her presentation was titled: Woman’s Club of Vista’s Recycling and Hazardous Waste Education Programs. The Global Assembly of Women and the Environment "Partners in Life" had as its goal to demonstrate women's capacities in environmental management as they related to global ecological issues, focusing on water, waste, energy and environmentally-friendly systems, products and technologies. The 218 success stories presented at the Assembly – including Miriam’s - were selected from all regions of the world. In October 2008, the CD for $10,000 from The Woman’s Club’s curbside recycling was cashed and donated to Alta Vista Botanical Gardens to help build the ponds and waterfall project, a beautiful central water feature which is a delightful focus for visitors. Miriam was The Woman’s Club’s Beautification Chairwoman.

Miriam loved the environment and was well-informed in important issues and events around the world. Miriam celebrated Earth Day for years. In 1986 and 1995 Miriam and The Woman’s Club of Vista planted trees for Arbor Day. In the 1990's Miriam learned how to propagate oaks from acorns and then worked with students at Olive Elementary to start 700 seedlings. They used tar paper cylinders to allow the acorns to grow strong tap roots, and then planted them at local parks. These efforts were recognized by Keep America Beautiful and the United Nations Environmental Program.

She organized numerous cleanups, historical restoration projects, educational programs for children, and much more. Over four decades, her efforts for local, state, national, and international organizations generated tens of thousands of dollars and hundreds of volunteers.

She served as The Woman’s Club of Vista President for two terms 1976-77 and 1992-93. She served as
Palomar District President for three years 1981-84 when her President’s theme was “Bells Are Ringing: For Volunteers.” She worked with the District and local clubs to contribute to and celebrate the installation of Mission Bells along the El Camino Real. In 1996 The Woman’s Club of Vista installed an El Camino Real Bell at Rancho Guajome Adobe. In 1999 Miriam made the trip into Baja California for the installation and dedication of the third El Camino Real bell at Mission San Miguel, south of Rosarito. She celebrated the centennial of the Mission Bells at a dedication in Los Angeles in August 2006. The bells were originally paid for and erected by the El Camino Real Association in the early 1900s.

"Miriam Alice Small was born April 4, 1922 in Pullman, Washington, attended local schools, and graduated from Washington State University in 1944. After volunteering for a local typing pool, she met her future husband, Emil D. Nichols, an Air Force lieutenant. They married in 1945 in Macon, Georgia, and went on to have four sons: Paul, Patrick, Philip, and David. As the wife of an Air Force officer, she moved her family 29 times over the course of his career, including stays in Guam, Hong Kong, Puerto Rico, England, and numerous states in the United States until they retired to Vista in 1970. Miriam was an avid volunteer her whole life. She created the first curbside recycling program in San Diego County, as well as organizing numerous cleanups, tree plantings, historical restoration projects, educational programs for children, and much more. Over the next four decades, her efforts for local, state, national, and international organizations generated tens of thousands of dollars and hundreds of volunteers. The United Nations Environmental Program invited her to speak at the Global Assembly of Women and the Environment where she addressed delegates from 70 nations. THE HISTORY OF THE VISTA HALL OF FAME

The Hall of Fame was created over 30 years ago and currently has over 90 members. The Vista Hall of Fame was created in 1989 as part of Vista Heritage Week, to honor significant people and their achievements that have enriched Vista's vibrant history. Inductions were made in each of the next three years, ceasing in 1992 and starting again in 1995.

The Vista Historical Society then received custody of the photographs.

In early 1994, upon the completion of the Vista Historical Society Museum, the Historical Society began to display the Hall of Fame members’ photographic portraits in the museum.

Currently there are two divisions of membership, the Regular Division and the Early Residents Division. The qualifications of each division are described below. Each year a member of each division must be elected to the hall. There is no upper limit to the number of new members that can be elected each year.

CRITERIA FOR NOMINATION TO THE HALL OF FAME

Regular Division

Each nominee must have lived a minimum of 20 years in Vista, not necessarily consecutively. This criterion may be waived if it is not considered appropriate.

Each nominee must have made significant contributions to the betterment of the community.

Married couples who both meet the criteria may be nominated together as one nominee.

The nominee may be either living or deceased.

Early Residents Division

The criteria is the same as for the Regular Division, and in addition the nominee must have died at least 20 years before the nomination unless waived.

William Bruno Pechstein
1866-1933
Elected to Vista Hall of Fame
Early Residents Division 2007

William Bruno Pechstein and his wife Anna immigrated to this country from Germany, William about 1879 and Anna later. Pechstein went to Wisconsin and then, in the early 1880s, came to California where he met Anna; they were married near Anaheim. With their four children, the Pechsteins came to Vista from Los Angeles in 1910. All four children are native Californians. William was active in community affairs, and with Jules Delpy and Nick Huntalas worked hard to organize the Vista Irrigation District. He was the first secretary-treasurer of the district and was on the board of directors until his death in November, 1933. Anna pre-deceased him in June 1933. Their four children, William Otto, Ernest, Anna and Helen, all lived in or near Vista most of their lives.

Carl Pinamonti
1928-2009
Elected to Vista Hall of Fame
Regular Division 2014

The following is the speech given at the Hall of Fame induction by Angela Pinamonti.

To the many citizens and amazing community of Vista, especially to the Vista Historical Society, thank you for inducting Carl into the 2014 Hall of Fame. Our family is truly blessed to remember our grandpa, brother, and father in this way.

For those of you who may not know, my name is Angela Pinamonti and I am Carl’s eldest granddaughter. My father is Carl Pinamonti Jr., who is here today. It surely is hard to capture in so few words not just the dates and the facts, but the essential character of my grandpa. I am one of the countless people who draw inspiration and gratitude from him. This is my attempt to represent his legacy.

Carl was born in 1928 in Inglewood CA. At age 18, he began his family and had seven children Ernie, Maryann, Toni, Carl, Gina, Patrick and Enrico. He got his construction start in the plastering business and ultimately became a general contractor. During the Vietnam War in 1969, the family battled it’s largest tragedy, the death of their eldest brother and son, Ernie.

Emerging from heartbreak, and with high hopes to retire, Carl made the trip down to Vista in the early summer of 1970. But grandpa, being grandpa couldn’t retire yet, so he continued his construction business. He purchased 9 acres off of Monte Vista Dr, and traveled down every weekend with some of the kids to create his first family home. He completed it within 3 months and the kids were able to attend school in the fall. The whole family moved in Sept 1970 and officially made Vista home.

With no retirement in sight, grandpa began his relationship with the City of Vista. With only one traffic light standing at the time, his first project purchase was 6 acres next door to the old McMahon Furniture Store off of Santa Fe. There, he developed the Franciscan Inn. After building the Inn he moved into Room 48 and used it as his first office. Every morning at 5 am he would meet at Mayfair Market with friends and other contractors. Joe Garassi, was with him every morning. Joe worked with Carl for many years as his superintendent. The Mayfair market would be the place to hash out his next project, Carrow’s Restaurant. After the completion of the restaurant, he moved his temporary office at the Inn to one off of Eucalyptus Dr. This was in fact his first true Vista office. In July 1974 the Mayor of Vista, asked the Chamber of Commerce to develop a meaningful program to celebrate our nations birthday in 1976. As a result, the Bicentennial Committee was created consisting of 28 committees. Carl was Chairman of the Development Committee that would oversee the Bicentennial Project. The Committee approved the original amphitheater and Grandpa proceeded to make it happen. If you know my grandpa, there was nothing big or small that would stand in his way. Carl proceeded to encourage the donation of material and labor and he followed it to a successful completion. He continued to donate after it was built. He then
began to build houses around the city and many other commercial projects. He eventually made his way to other neighboring cities, and worked with his brother, Al Pinamonti on many projects.

Throughout the course of his construction career, he became very well known with Vista city building officials. If any of you knew him, you knew he loved attending city council meetings, and interacting with city officials. I mean he was a businessman, so he definitely debated with a few.

If you ever needed Carl for anything during the day, you knew where his lunchtime office was. He sat at his favorite table at Feliccia’s Restaurant. He would hash out business deals on the paper tablecloths and many offers were made there. I can remember when my cousins and I had half days at St. Francis middle school. We knew we were going to Feliccia’s for lunch to see grandpa. It just felt like home.

In the early 80’s, grandpa had his cancer surgery and they removed his Larynx. Carl was definitely known to voice his opinion and in just one day his speech was taken from him. It took him one year of voice therapy just to get out one word. My cousins and I grew up with him this way and never heard his normal voice. I always wondered what he sounded like. It was a constant struggle to understand him, but it didn’t damper his lifestyle, because he began to clap and pound on the table to get your attention. He sure did mean business.

Everyone knew Carl for his generosity with his time and money. He loved to help out small builders and therefore loaned money to these businesses to allow them to get their starts. These small acts of kindness played a role in impacting other business owners of Vista. He donated to the Vista Boys Club and was involved in the start of Vista Pop Warner.

If I have one vivid memory of my grandfather’s character, it was that he was extremely hardworking, honest, and trustworthy. He ended up working into the 2000s even though he thought of retiring in the 70s. He was the guy known for paying all the trades on time and within days of them submitting bills. If you did the job correctly, you got promptly paid. He was also the grandfather that would donate to any activity that his grandchild was a part of. He was honest and loyal and for that, he was graced with loyal employees. Betty Stevenson eventually followed him down from Hawthorne and became his office secretary. Frank Dvorak met him in Vista, and eventually became a City Inspector. Frank met him in Vista and started as the office Manager in the Eucalyptus office and eventually became a City Inspector. One of the few still working for the family today is Beverly Mottino from Vista and that’s just to name a few. Eventually, many of his Italian friends had joined him in Vista and also became established in Vista.

One dream he never saw to completion was the Vietnam Memorial Park, named “Ernie’s Place” after his late son. Grandpa donated land off of Mercantile and Guajome to be built into this special park. The park has been relocated onto the Corner across from Main St and associated with the new Paseo Santa Fe project, which should be completed sometime in 2015. Fundraising for the park will begin later this year, and will be a great reminder of all of our service men who fought in Vietnam.

Thank you again for letting me share the life and love of my grandpa. It was a gift to create this speech and be able to get to know him even more. He is my inspiration and someone I think about when I meet challenges in my own career. I often think “What would grandpa do?” If he weren’t such a generous, hardworking, and amazing man, I wouldn’t be standing here making this speech today. On behalf of my Dad, Sister, five Uncles and Aunts, and 15 cousins, we thank you from the depths of our hearts. And thank you grandpa, for giving me a very common question to answer proudly, Are you one of the Pinamonti, Pinamonti’s? Yes, that would be me. Thank you.

She was said to be Vista’s “Downtown Cheerleader” and biggest supporter.

Tom J. Ramoss
1905-1982
Elected to Vista Hall of Fame
Early Residents Division 2013

Tom Ramoss was a fifth generation Californian, born in San Juan Capistrano in 1905.

He was baptized in the Old Mission Church and later served there as an altar boy.

In 1922, at age 17, Tom went to work as a wrangler on the 100,000-acre-plus Santa Margarita ranch. His job included handling a remuda of 300 horses, readying them for the dozens of vaqueros employed there at the time who generally had 50,000 cattle and thousands of horses to work.

Tom toughed the wrangling job out for some three months before he was promoted to vaquero. In time, because of his having steeped himself in the Spanish tradition of handling horses, combined with a gentleness and singleness of purpose, he was to become one of the best and most respected reinsmen in the business. When the Federal Government acquired the Santa Margarita ranch in 1942 for the Marine Corps and turned it into Camp Pendleton, Tom stayed on, taking over the riding stables, the horse-shoeing, blacksmithing, etc.

It was there he met his future wife, Patricia Kay, a lady Marine from Boston, Massachusetts. Pat knew horses and was a horsewoman herself. In addition, she was a great admirer of the era in California history which Tom and his Spanish ancestors exemplified, so they had much in common.

In 1947, after their marriage, they moved to Vista.

Tom, who had shod his first horse at 14, established a horse ranch, specializing in champion-class Arabians, in which he was success-
ful. He also put in a blacksmith and horseshoeing shop.

He was a great horse trainer who used an inherent gentleness and patience with the animals. He often spent a year or more on horses he was training, first accustoming them to control with a simple hackamore to guide them, sometimes for months, before a bit was put in their mouths. The Spanish bit, Tom said, should only be entrusted to special hands and placed in the mouths of special horses. The "finished" horse was expected to cut cattle as well as execute necessary movements and specifications. Remarkably, Tom was able to teach his art to others, and the horse world is much richer for this shared talent.

Tom rode in the first "Western" motion picture to receive an Oscar: "In Old Arizona," starring Mary Astor and Warner Baxter. He rode in the Tournament of Roses Parade in Pasadena and in the 1932 Olympics.

An expert calf roper, he won the California State Championship in the early 1930's.

Tom Ramoss was a skilled horseman, riding in the California style. Upon moving to Vista Tom and his wife became life members of The Vista Palomar Riders Club. He was an integral part of The Vista Palomar Riders until his death, serving two times as president of the group and multiple terms as a board member, and multiple times as committee member and "Trail Boss" for the club's five-day, 100-mile ride from Vista to Palomar Mountain and back.

He was not only an outstanding horseman but a generous individual who donated time as a judge for the Vista Palomar Junior riders, local 4H and other area junior horse groups. Horse people in the Vista area often called on Tom for advice when they were having trouble with their horses or for actual help with the animals including getting horses in the trailer.

He was also a Life Member of Caballeros del Camino Real, and an Honorary member of the Desert Arabian Horse Association.

He had a "flour sack full of ribbons and awards."

Tom Ramoss was an artist on horseback—a California Reinsman.

He died August 10, 1982. His coffin was carried on a wagon drawn by two Clydesdale horses and driven by long-time friend Frank Lopez and accompanied by a large procession of friends.

He was interred with his boots, spurs, bits and some of the iron and steel tangibles of his profession. But he left a priceless bit of golden California history for posterity.

Karl and Peggy Ramsing are longtime Vista residents that have contributed to the community in many ways.

Karl was in the Navy and Naval Reserve for 24 years. He was a pilot for American Airlines for 29 years.

Karl served on the Park and Recreation Commission from 1971-1978, most of those years as Chairman. He served on the Sales Tax Oversight Committee from 2007-2010.

Karl has been active in the Friends of the Rancho for many years. He has been the lead person on refurbishing projects at the Rancho, including the total renovation of the tile mural from the Women's Club. Karl has also been the lead person on the barn project. He has spent many hours researching, drawing plans, doing layouts, meeting with experts, getting estimates, visiting barns, etc. He is an excellent woodworker and has been involved with Palomar College Wood Shop.

Karl Ramsing has been an active member of the board of the Friends of the Vista library for the past 5 years. When he first joined the board he represented Vista at the county library meetings for our then president, Bernie Rappaport.

The board has long wanted to improve the look of the entrance to the library. Karl and Peggy have long been active with the city arts development. Karl took on the lead of the Friends of the Vista Library Art Committee for the beautification of the Library project. He coordinated all tasks related to getting the mural at the entrance of the library completed. The mural is by Kait Matthews, former owner of Art Beat on Main Street, and her helper, Brett Stokes. He is working with the mosaic artist, Cherie...
LaPorte, for the pillar completion and working with the Randalls who are the bike rack artists. He was able to get donation of rocks for the concrete edging at the entrance. He attends the City of Vista meetings regarding the permits required, setting up installations and coordinating the actual work at the library. In addition, over the past few years, Karl has volunteered for the Friends of the Vista Library Encore Bookstore, by sorting and pricing books that come in as donations.

Karl was selected as the volunteer of the year by the Vista library.

As a personal hobby Karl is active in Packard car club and remolds vehicles. He has donated his remodeled Packard for the Vista Christmas Parade and other community events.

Peggy was a key community member in moving forward the Wave Waterpark construction. Peggy did research and promoted the project throughout Vista.

Peggy served on the 1974 General Plan Committee and on the Planning Commission from 1974-1981. She served on Vista Visions 2000 in 1990-1992. Peggy has been instrumental in most all of Vista's public art projects. It was her idea and follow through that made murals along the Sprinter line possible. Peggy has been active in the Vista library over 25 years.

Peggy has been instrumental in Vista's arts community. She was one of the first members on the Arts Commission serving from 2003-2013.

She took the initiative and compiled a list of all artists in Vista. This list lead to the development of many of the art projects in town, including the Vista Arts Foundation and the downtown art gallery.

They attend and contribute to many city meetings. They are also very involved in their church. They are both health advocates.

Karl and Peggy love Vista and have stayed active and involved for years giving of their time and resources. The Ram-sing's have lived in Vista for over forty seven years. The City Council named them "Persons of the Year" for 2016 for their involvement in promoting art in Vista.

Bernard Rappaport
1922-2015
Elected to Vista Hall of Fame
Regular Division 2014

Bernard “Bernie” Rappaport, a veteran of World War II, his wife, Lenore, and three children; Gideon, Hannah and Sharon moved to Vista from Los Angeles in 1969. Before coming to Vista he was an engineer in the infancy of the semiconductor industry (before the invention of the transistor). Once he settled in Vista, he began to involve himself with the community in a variety of ways.

From 1971 to 1977, Bernie was a member of the Vista Planning Commission and served as chairman of the commission for part of his term. In 1977, he was elected to the Vista City Council. He served as mayor from 1978 – 1980.

Bernie served on the boards of the Rancho Vista National Bank and the Vista Community Clinic. He also served on the San Diego County Grand Jury for a year.

During their 1990 – 1994 campaign to raise money for the construction of a new library, Bernie became actively involved with the Friends of the Vista Library. He was the chairman of the fund raising committee and was instrumental in organizing the “Buy a Leaf” campaign that was very successful and continues to bring in money for the library. When the State Library Board was deciding what libraries to provide construction funds for, Bernie heard that the desperately needed Vista library was far down the list of priorities. He went to Sacramento and pleaded the case for Vista. Our library was made a priority due to his efforts. Thanks to his leadership, the funds were raised and designated by the state library system so Vista was able to open a much needed new library in 1994. He continued to be an active member of the board of the Friends.
From 2005 – 2006, Bernie chaired the citywide campaign to pass Proposition L. This was the ¼% sales tax initiative that passed in November of 2006. This additional money provided the City of Vista with much needed revenue. The money raised funded two new fire stations, the sports park, and the new city hall civic center, as well as other city construction projects.

Bernie became president of the Friends of the Library in 2004 and remained president for 6 years. During his tenure as president, the Friends were able to donate $237,500 for matching funds to the Vista branch of the San Diego County library system. This money was matched by the county library system. In addition, $86,913 was provided directly to the Vista branch of the county library system for numerous books, programs, magazine subscriptions, tapes etc.

As president, Bernie was responsible for bringing the “First Sunday” free concerts to the community. He also organized free piano lessons at the library for several students and worked with the library to develop after school programs.

In 1926, he founded The Vista Press and remained there as editor and publisher the rest of his life. The first issues of The Vista Press were printed in San Diego while a 16x32-foot building was constructed in Vista. This work was done by Mr. Remsburg himself with the aid of a carpenter.

He was a well-known salon photographer, exhibiting many prints in the San Diego Museum of Fine Art. He held memberships and honorary memberships in numerous lodges, clubs and associations.

He was the first chief of the Volunteer Fire Department; Chamber of Commerce president for nine years; and helped form the Boys’ Club. Abraham Michel “Abe” Shelhoup
1902-1981
Elected to Vista Hall of Fame
Early Residents Division 2015

Based on “A History of Vista”

Abraham and Hayat Shelhoup, who lived in a large Mediterranean style home on a hill overlooking Vista, were both natives of Douma, Lebanon, where Abraham was born January 24, 1902. "Abe", as Vistans knew him, came to this country in 1920 to join his father, Mike Shelhoup, who had come to Brawley, California, some seven years earlier.

With his father he came to Vista in 1928 and they purchased a grocery store and butcher shop located in the Pechstein Building in the 100 block of East Vista Way, just east of Santa Fe Avenue. Adding dry goods, "Abe" and his father continued the operation of this market. The two worked together until 1936 when "Abe" bought his father's interest in the business. "Abe" sold the market in 1938 and established a variety store. In 1941 he opened his well known Department Store at 236 East Vista Way (now 236 Main Street), where he sold only name brand merchandise and took great pride in the fact that he served second and third generation customers of some Vista families.

In 1948, Mr. Shelhoup built the Avo Theatre, where Vistans have enjoyed moving pictures throughout the years. The Avo has seen many civic gatherings also, such as the crowning of Miss Vista and some theatrical showings.

Mike Shelhoup, Abraham's father, died in February of 1955 at age 84. Mrs. Mike Shelhoup died in Lebanon in 1978, having attained the age of 103 years.

Hayat Shelhoup came to America in 1940, having lived for a time in Central America and Mexico.

Abraham and Hayat's son, Kamal, holds a
doctorate in Political Science from Claremont Graduate School, and is also an accomplished aviator. He has been selected to appear in the 13th Edition of Who's Who in California.

Abraham was a member of Vista Lodge No. 687, F&AM, Al Bahr Shrine in San Diego, Scottish Rite Bodies, member and past president of Palomar Shrine Club, Vista High 12 Club, Boys' Club of Vista, Director of San Diego County Red Cross, and Vista Rotary Club.

He was a staunch supporter of All Saints Episcopal Church.

Over the years he worked constantly behind the scenes to make Vista a better place. He donated the 286 trees that line East Vista Way; gave two fountains to the city, one at Vista High School, the other near East Vista Way and Indiana Avenue. He provided eight benches for the downtown area, and tables and benches in Soroptimist Park on North Santa Fe Avenue.

He said he enjoyed doing things for people, and many Christmas baskets were provided to needy families with no recognition being sought. While he shunned office holding, he was a guiding force in the city's development.

In addition to his flawless English, he spoke his native Arabic, Russian, French and Spanish.

Vista would not have been the same without Abraham Shelhoup. Abraham Shelhoup died of a heart attack on Sunday, August 16, 1981. He was 79 years of age.

The Slivkoff family was loved and admired by the Vista community for almost seven decades. A Russian immigrant, John arrived in the United States in 1911 with his parents, four brothers and two sisters.

In 1917, he came to Vista with his new wife, Mary, and farmed on land leased from early settler, Jules Jacques Delpy. Along with his own farming endeavors, he helped the Delpys with the experimental growing of avocado trees, a unique and profitable crop that would later make Vista the Avocado Capital of the World.

Mary came to America with her family separately, but when they met they found they had live in Russian towns only a few miles apart. They were married on December 24, 1915, a union that thrived for almost 70 years.

The Slivkoffs had four children, John Jr., James, Sarah, and George, a bomber pilot who was killed during World War II when his plane was shot down over Germany.

Over the years, the Slivkoff family supported, and often participated in, countless worthwhile endeavors in their chosen community.

John worked hard all his life, and enjoyed putting in a full day until late into his 80's. At one point in the early years, he supplemented his farming income by buying a baler and charging $2.00 a ton as he baled hay throughout North San Diego County.

He said that he was proud of having been able to support his family over all the years, "in good times and bad."

By 1926, he was able to buy his own six and one-half acre ranch at the top of San Clemente Avenue. He built his home and barn himself, and he and Mary lived there for the rest of their lives, greatly enjoying the large family gatherings of their children, grandchildren and great-grandchildren.

John raised mainly avocados, limes and vegetables. He also was a noted beekeeper for many years, with as many as 60 hives at one time.

Various publications featured photos of the red-flowered trumpet vine that grew completely over the barn and additional out-building on the property. The vine had been planted by their son, George, in 1932, and was a happy reminder of him after his death in World War II.

John Slivkoff was noted for his sense of
humor and good disposition. He had a long, flowing beard for almost a half-century, and said that he won “every beard contest” over the years.

He often came to The Vista Press to visit Publisher Everett Remsburg, until Everett’s death in early 1972. The two had been fast friends from the arrival in Vista of Everett and his father, M.Z., in 1926, when they started Vista’s first newspaper.

John helped unload and set up the typesetting and printing equipment for the fledgling newspaper, and although he struggled financially in those early years, he refused any pay. M.Z. gave him the only lifetime subscription to The Vista Press in its long history, and John made good use of the gift. He lived until 1984, when he passed away at age 93.

As he retired, John Slivkoff passed along his remaining beehives, with a special blessing, to his grandson, Rex Christensen. With his wife, Pat, Rex has property off Buena Creek Road in Vista and is one of the few remaining beekeepers in North County.

Upon Mr. Sutton’s retirement in 1947, the Board of Directors issued the following statement: "[We] have seen directors come and directors go, but [we] have never seen a director who gave more unselfishly of his time and thought to District affairs than you have these many years. As the years go by, Vista will enjoy the great benefit and advantage of owning its water system, which you helped to make possible."

James Sutton served on the Palomar College Board of Governors from 1954 to 1966, when he resigned to take a position in San Diego to further his career as an insurance underwriter.

He was also president of the Farm Bureau Center in Vista.

William Duncan Taylor
1912-2013
Elected to Vista Hall of Fame
Regular Division 2012

William “Bill” Taylor was born June 23, 1912, in Redondo Beach, California, and went to school there. He earned a Bachelor of Science degree in forestry from the University of Idaho.

While at Idaho U he spent three summers working for the U. S. Forest Service. In his last year, he took an 8-hour assembled civil service exam entitled Junior Range Examiner, which led to his career.

Bill spent his working life in various jobs for the Federal Government.

In 1939, he married Mildred Anderson. They are the parents of two children.

In mid-1941, he was assigned as work unit leader to a newly formed Soil Conservation District in San Diego County. His job eventually led, in November, 1948, to a 27-year career in Natural Resource management at Marine Barracks, Camp Pendleton.

His initial title was Ranch Manager. The position was fraught with adventure and innovation. The Marine Corps had no rules or precedents governing his duties, and he had to make them up himself.

In 1971, he became the first civilian Director of
Natural Resources, following seven colonels who had held
the job. There were numerous memorable highlights which
made the career an adventure, such as: In the 1960's he was
the Commanding General's representative as landlord during
construction of the San Onofre Nuclear Generating Station
and the 1-5 Freeway through the base, and he received accli-
lades from both agencies for his assistance.

In 1973, he placed a dozen American bison in the
Vallecitos, a high meadow area of the base. These were sur-
plus from the San Diego Zoo that no other zoo wanted.

Bill retired from the base on January 15, 1976, but
remained active. In 1977, he became a member of the board
of directors of the Bueno Colorado Water District, parent of
the Vista Irrigation District.

He was elected to the Vista Irrigation District board
in 1979, and served there until 1993. Also, he was on the
board of the San Diego County Water Authority for six years,
ending in 1993. He is a longtime member of the Vista Rotary
Club.

He flew helicopters, transitioned into OV10S and served as commanding officer of the squadron until he was transferred to CINPAC West in Hawaii. It was during his shift that Russia shot down a Korean 747 airliner. While in Okinawa he transitioned into the executive jet, flying around Japan and Korea.

While attending Saint Mark's Catholic Church, he served the community as a Eucharist Minister. The home bound as well as the mass community benefitted from his time.

He discovered gardening which led to the Vista Botanical Garden in Brengle Terrace Park. Besides working in the garden, he held the office of president, guiding the garden through development.

His life in Vista led to public office where he served one term as a city councilman. Being an advocate for the citizens made his work all the more enjoyable.

Dr. Walter J. Weil and Anastasia Gardiner Weil
Walter 1905-1977
Anastasia 1911-2006
Elected to Vista Hall of Fame
Regular Division 1995

Walter J. Weil, noted eye physician-surgeon, was born in Prague, Czechoslovakia. Mrs. Weil, nee Anastasia Gardiner, was born in Scotland.

Dr. Weil and Anastasia Gardiner were married in London in 1940.

He opened his eye clinic in Toluca Lake, California, where he practiced for over thirty years. He was on the staff of St. Joseph's Hospital in Burbank and was the first eye surgeon in the San Fernando Valley.

The Weils purchased Rancho Buena Vista from Frederick Reid in 1957. They built a medical center on the property, on Escondido Avenue adjacent to Wildwood Park. The Weils lived at Rancho Buena Vista until 1973, when it was sold for $100,000.

Dr. Weil, in addition to being proficient in several languages, was a talented musician, playing the piano, violin and guitar. He was a co-founder of Vista Historical Society, and both he and Mrs. Weil were charter directors of the organization.

Anastasia was a dedicated member of the Tri-City Medical Center Foundation. She offered artifacts to Mission San Luis Rey and was also a generous donor to Scripps Memorial Hospital.
Howard S. Williams was born in Phoenix, Arizona in December 1923. He married his wife Ann in 1946, and together they had one son, Darin. Howard is an Army Air Corps veteran, a 1948 graduate of the University of Southern California, a long-time journalist, and a public relations expert. He had a brilliant career as a newspaper and TV editor, a local Emmy Award winner, and still to this day, a very proud Eagle Scout.

Howard worked at Channel 2, KNXT (now KCBS-TV) in Hollywood in the 1960’s and 70’s, where he wrote the station editorials for 12 years, and delivered them on the air in 1976. For his TV editorials, Howard won a local Emmy Award as well as six Golden Mike awards. During his journalism career, Howard attended many meetings at the White House and personally met eight different U.S. Presidents: Harry Truman, Dwight Eisenhower, John F. Kennedy, Lyndon Johnson, Richard Nixon, Gerald Ford, Jimmy Carter, and Ronald Reagan. Howard also met nearly every California Governor from 1960 to 1990.

As a strong advocate for openness and transparency in government, Howard and a handful of activists in the newspaper and broadcasting media developed, and got Governor Reagan to sign, the state’s open meeting law, known as the Brown Act. He and another CBS executive founded the California Freedom of Information Committee in 1969, now known as the First Amendment Coalition, which provides a hotline for reporters state-wide on First Amendment issues. An offshoot of that group was created called the Bench Bar Media Committee — and the San Diego County committee still meets, 40 years later.

Howard was instrumental in introducing cameras in court rooms. Cameras were not allowed in courtrooms in 1968 when the assassination of Senator Robert Kennedy took place, followed by the trial of Sirhan Sirhan. Working with the judge, Howard ran a project for all three TV networks to put a closed circuit system in the courthouse for the trial. That allowed over 100 reporters in two courtrooms to cover a trial being conducted in a courtroom that seated 50 people. The ban on cameras was lifted in California in 1984, paving the way for cameras in court rooms such as those in the Vista Courthouse.

The closed circuit idea promoted by Howard was also used in federal court for terrorist trials in recent years to enable families of 9-11 victims to view portions of the proceedings in Washington and in distant states.

Following his retirement, Howard and Ann relocated from the Los Angeles area to Vista, where they purchased a home in Shadowridge. In 1991, Howard was appointed to the Vista Irrigation District Board of Directors to fill a vacancy in Division 4, and he continued to serve for nearly 22 years. Howard served as the District’s representative on the San Diego County Water Authority Board for 17 years.

Howard was also appointed by the San Diego County Board of Supervisors to represent the City of Vista on the Palomar Airport Advisory Committee, an appointment he held for over 20 years.

During his 27 years in Vista, Howard has been a tireless and dedicated public servant. Now 92 years old, Howard still lives in Vista, where his public-spirited efforts will be remembered and appreciated far into the future.

J C Wynne
Elected to Vista Hall of Fame
Regular Division 2017

JC Wynne grew up in Vista and currently lives in the house that his parents bought when it was built back in 1969.

His #1 mission in life besides his family has been giving back to his hometown of Vista, especially it's next generations. He has so many titles; friend, coach, facilitator, volunteer and Santa but I call him dad. I may be partial but I'm sure there are more than a few out there who would agree that J.C. Wynne is the definition of Vista Pride. Where to start... From a Vista Pop Warner and Vista American Little League coach to president to board member he helped build these youth sports organizations from the ground up which helped so many young kids in Vista develop discipline, team work and sportsmanship.
He kept dreaming bigger and started the Vista Youth Sports Field Foundation with a group of volunteers funded by donations and helped launch the development of the amazing multiplex sports park off Bobier Drive. When Vista High School football wanted to get game film he facilitated a lift for the end zone. When they desperately needed a new field he reached out to NFL alumni to donate towards the project and even put a V in the end zone.

When Vista City Council announced they didn't have enough money for a Santa Claus to ride the firetruck in the parade he volunteered and has been doing it for the better part of a decade and believe it or not, his only stipulation is that they give each kid a free picture with Santa afterwards.

When the City said they no longer had the funding for the Annual Easter Egg Hunt he gathered volunteers and donations to throw it for them and has been doing so for the last 6 years. He has even been gathering volunteers of late to help finish what the City didn't in getting French Fields up and ready again for spring ball.

His name graces the Honor V in the VHS quad, he was awarded the Have a Heart for Kids Award from the Boys and Girls Club of Vista, he was selected as the 2014 Person of the Year for the City of Vista and even had a day proclaimed J.C. Wynne day by the County of San Diego. He constantly astonishes me because I know that he would do anything to better this City for a simple high five or a smile which is why I think that he should absolutely be in the Vista Hall of Fame because he does it all for our community and not the fame.

Following deactivation as a Lieutenant Commander in a Naval Construction Battalion during World War II, Harold Yackey was appointed as Engineer/Manager of the Vista Irrigation District (VID) in May of 1946, shortly after the District purchased Lake Henshaw and Warner Ranch from the San Diego County Water Company.

Mr. Yackey was born in St. Louis, Missouri. He was a graduate of University of Illinois with additional education at the University of California and Luis Obispo College. His identical twin brother, George, also lived in Vista.

Mr. Yackey took over as Manager of VID in a period when the system was in very poor condition due to shortage of materials for pipeline repairs and replacements during World War II. One of his first tasks was to solve the very high water losses experienced during transit from Lake Henshaw. He solved the problem by lining the siphon sections with cement mortar in the late 1940’s. Yackey was also instrumental in the covering of the Vista Flume in the late 1940’s, primarily to eliminate the infestation of caddis flies and also as a sanitary protection for the water during transit.

Another important achievement was Yackey’s implementation of the well program at Warner Basin, giving the District the ability to pump and put into use groundwater when it became obvious that the surface supply in Lake Henshaw would not be sufficient to meet the needs of the District.

Following his resignation in 1951, Yackey worked for a number of years in the water industry in the Los Angeles-Orange County area before retiring and moving back to Vista.

In 1967, Yackey was appointed to the Board of Directors for Division 1, and he served admirably until his death on June 22, 1979. Yackey’s engineering background, his vast experience in pipeline and water matters, and his actions and counsel were most helpful to the progress of the Vista Irrigation District as it emerged from agricultural irrigation to an urban water system. As a member of the Board, Yackey also represented the District on the Santa Margarita-San Luis Rey Watershed Planning Agency.

With the introduction of reliable water to Vista in 1926, agricultural production boomed. Vista’s production of avocados became so famous in the mid 1920’s, that Rose Parade officials requested Vista’s participation in the parade. Vista entered floats twice, in 1928 and 1932, winning awards both times.

The Chamber of Commerce and the Horticultural Society sponsored the 1928 float. Calavo, a avocado packing association, and the Chamber of Commerce sponsored the 1932 entry. This float had Miss Calavo, Marjorie Harmon, riding on it.
THE MOST IMPORTANT DAY IN VISTA HISTORY
FEBRUARY 27, 1926

In the last part of the 19th century and the first half of the 20th century, the main business in Southern California, and certainly in North San Diego County, was agriculture. Successful agriculture requires abundant water especially for the preferred crops of the time which were groves or vineyards. Without sufficient water farmers were limited to more hardy crops such as grains. Water was always on everybody’s mind. Negotiations for water went on endlessly. The importance can be seen in the area paper of the time, “The Oceanside Blade”, where the main headline in the paper that reported the United States entry into World War I was about water negotiations.

There were also people that made their living providing water. One of these was William Henshaw, the owner of Warner Ranch. After World War I when Vista was trying to develop an agricultural base and running out of water, he was able to provide the water from the reservoir known as Lake Henshaw. According to the website of the Vista Irrigation District, completion of the Henshaw Dam in 1923 made a reliable source of water possible.

An election was held on August 28, 1923 to create the Vista irrigation District. Again according to the website one hundred percent of the eligible voters voted and the measure passed 104 to 4. After construction of the required infrastructure, a ceremony was held in downtown Vista on February 27, 1926 to turn on the water from Lake Henshaw. Reliable water quickly allowed Vista to become the “Avocado Capital of the World”. Vista became so well-known for avocados that Vista floats with an avocado theme appeared in the Rose Parade in 1928 and 1932. Vista continued to grow with a mainly agricultural base until after World War II when population growth caused the conversion of agricultural land to housing.
