

AGENDA
MEETING OF THE PUBLIC AFFAIRS COMMITTEE
MONDAY, NOVEMBER 7, 2022 – 10:00 AM
1391 Engineer Street, Vista, CA 92081

COVID-19 MEETING PROCEDURES
NOTICE FOR PARTICIPATION

On September 16, 2021, Governor Newsom signed Assembly Bill 361 (2021-2022) (“AB 361”), which incorporated some aspects of the teleconferencing rules applied by Executive Order 08-21 to local agencies during the COVID-19 pandemic into California law. AB 361 allows local agencies to conduct virtual meetings without any public participation component during a state of emergency. As of the date of this notice, there exists a state of emergency in California caused by COVID-19; however, unless a subsequent agenda or public notice provides otherwise, the Vista Irrigation District intends to conduct its meetings in a hybrid fashion, allowing for individuals to participate in public meetings in-person, observing California Department of Public Health (“CDPH”) COVID-19 related guidance, or if they prefer, via teleconferencing.

Members of the public may also participate through Vista Irrigation District's teleconferencing line; the telephone number and applicable pass code for such participation is as follows: Phone (877) 873-8018; Pass Code 474698#. Vista Irrigation District's teleconferencing line capacity is limited and not all parties who wish to participate through this method may be able to do so. Telephone participants are asked to place calls to this line at or before the scheduled start time of the meeting, so the District staff can organize order of speakers and assure the ability of all who wish to participate. Please also note telephone or data charges from your carrier may apply to your use of this option.

To maintain orderliness in proceedings, telephone participants will be asked to identify themselves, their address, and the item on the agenda they wish to address. Telephone participants are asked to limit background noise during telephonic participation (with muting features, if available) and to maintain proper decorum suitable to the conduct of public meetings at all times. Telephone participants may not speak until the appropriate time on the agenda and only when recognized by the Board President.

Members of the public may address the Vista Irrigation District Board of Directors directly and in real time during the public comment period regardless of whether they are participating in person or over the telephone.

Members of the public may also address the Board of Directors by email; however, such email communication must be received at or before the time of the commencement of the meeting. The email address to use for such communications is as follows: BoardSecretary@vidwater.org.

Please be advised that one or more members of the Vista Irrigation District Board of Directors or staff may participate in this meeting by teleconference consistent with AB 361.

In compliance with the Americans with Disabilities Act, if special assistance is needed to participate in the Board meeting telephonically, please contact the Board Secretary during regular business hours at (760) 597-3128. Notification received 48 hours before the meeting will assist Vista Irrigation District in making reasonable accommodations.

SUBJECT: SCHOLARSHIP CONTEST

RECOMMENDATION: Review and provide feedback on draft application materials, including the essay question and timeline for the Vista Irrigation District Scholarship Contest.

PRIOR BOARD ACTION: On June 6, 2022, the Board awarded seven scholarships to the contest winners, one in the amount of \$2,500, one in the amount of \$2,000, one in the amount of \$1,500 and four in the amount of \$1,000 each (totaling \$10,000).

FISCAL IMPACT: \$10,000 for the scholarship contest is included in the budget.

SUMMARY: Each year, the District invites high school seniors who live or go to school within its service area to compete for a scholarship. The purpose of the scholarship program is to increase student knowledge and awareness of water related issues affecting the District and its customers. Students who compete for a scholarship must complete an essay and provide a one page personal statement related to their background and/or goals; selection criteria also include community involvement or volunteer service, and letters of recommendation.

In December 2018, the Board authorized the Public Affairs Committee (Committee) to restructure the scholarship contest with the goal of increasing participation. After careful consideration, the Committee decided to remove the requirement to submit transcripts as part of the application process and offer up to six scholarships with a minimum scholarship award amount of \$1,000 and a maximum scholarship award amount of \$3,000, providing the Committee (and the Board) the flexibility to award multiple scholarships based on the quality of the applications. After restructuring the contest, the District received 16 applications in the 2109, 15 applications in 2020 and 2021 respectively, and 12 applications in 2022; this compares to just six applications received in 2018.

In May 2021, the Board opted to increase the scholarship contest budget from \$6,000 to \$10,000 to allow for greater student participation and increased flexibility in contest awards.

DETAILED REPORT: Staff has prepared a draft application package and brochure for the Committee's review and feedback. The scholarship contest requirements, as presented in the draft application package, are the same as last year; the only item that has changed is the essay question.

Staff anticipates distributing application packages and brochure to high school counselors within the District's jurisdictional boundaries in December. Follow-up e-mails will be made to counselors to ensure the application materials were received. Additional scholarship promotional efforts will include placing information about the scholarship in high schools' monthly scholarship bulletins, issuing a news release, and announcing the program on the District's website. Application materials will also be made available on the District website.

As proposed, application packages would be due to the District by 5:00 p.m. on Friday February 24, 2023. The Committee, which serves as the competition judges, could meet in the following weeks (based on Committee members' availability) to review the applications and recommend a winner(s). The Committee's recommendation for the winner could then be submitted to the Board for consideration at a meeting in April. A certificate could then be presented to the winner at the next scheduled Board meeting. As in the past, once the student has enrolled at a university, college or vocational school District staff will forward a check to the school on behalf of the student(s).

SUBJECT: 2022 ANNUAL REPORT AND 2023 SPRING NEWSLETTER

RECOMMENDATION: Discuss information to be contained in the 2023 Annual Report and 2023 Spring Newsletter.

PRIOR BOARD ACTION: None.

FISCAL IMPACT: Printing costs for a four-page newsletter are estimated at \$3,000. Based on information received from InfoSend, the District's bill printing and mailing service provider, staff does not anticipate any additional postage costs associated with inserting the newsletter in with the water bills. Design and layout of the annual report and newsletter are performed in-house by District staff. There is no cost associated with posting an electronic version of each document to the District's website.

SUMMARY: Each year the District prepares an annual report that includes its financial statements, demographic data and articles about various water related topics, such as water conservation, infrastructure improvements and drought/water supply conditions. Prior to beginning the layout and design process, staff meets with the Committee to receive input regarding the contents of annual report. Staff is working on the 2023 Annual Report and would like to get the Committee's ideas for content.

Staff is also formulating ideas for the 2023 spring newsletter and would like to get the Committee's thoughts on the content for the newsletter.

DETAILED REPORT: Since the first edition, the annual report has been primarily a financial report, in that it focused on the District's audited financial statements. The annual report has also included District demographics and other statistical data shown in graphs. Over the years, articles about District activities and projects, and other water related topics have been added.

In recent years, the annual report has only been produced in an electronic format. In lieu of printing the annual report, which had very limited distribution, the decision was made to develop an expanded newsletter and mail to all customers with their water bills. The newsletter has included some articles and demographic information from the annual report as well as other relevant/timely information.
